5.12.020 Findings and Purposes.

A. The City Council finds that the City's Rights-of-Way, public ways and public places constitute valuable public property.

1. Having been acquired and maintained by the City over many years at taxpayer expense;
2. Being capable of providing Rights-of-Way uniquely valuable to private companies for providing Cable Services;
3. Constituting public investments for which the taxpayers are entitled to a fair monetary return on the City's past and future investment in the City's infrastructure; and
4. Comprising significant assets which should be managed fairly and appropriately to enhance the public safety and economy.

B. For the reasons expressed in subsection A., this Chapter is intended to:

1. Regulate the erection, construction, reconstruction, installation, operation, maintenance, dismantling, testing, repair and use of the Cable System in, upon, along, across, above, over or under or in any manner connected with the Rights-of-Way, public ways or public places within the jurisdiction of the City, as now or in the future may exist;
2. Provide for the payment of certain fees and other valuable considerations to the City to regulate the construction and operation, use and development of the Cable System within the City.
3. Provide conditions under which the Cable System will serve present and future needs of government, public institutions, commercial enterprises, lawful public and private organizations, and the citizens and general public of the City;
4. Provide remedies and prescribe penalties for violations of this Chapter;
5. Permit and manage reasonable access to the public ways of the City for cable purposes on a competitively neutral basis;
6. Conserve the limited physical capacity of the Rights-of-Way held in the public trust by the City;
7. Assure that the City's current and ongoing costs of granting and regulating private access to and use of the Rights-of-Way are fully paid by the Persons seeking such access and causing such costs.
8. Secure fair and reasonable compensation to the City and the residents of the City for permitting private use of the Rights-of-Way;
9. Assure that all cable companies providing facilities or services within the City comply with the ordinances, rules, and regulations of the City.
10. Assure that the City can continue to fairly and responsibly protect the public health, safety, and welfare.
11. Enable the City to discharge its public trust consistent with rapidly evolving federal and state regulatory policies, industry competition, and technological development.

5.12.030 Franchise Agreement.

A. Issuance of Franchises Subject to Agreement. Within thirty (30) days after written notification of the award of a franchise by the City, a selected Applicant shall execute a Franchise Agreement which shall set forth the terms and provisions of the franchise. If such Franchise Agreement is not executed within such thirty (30) day period, the franchise award may be declared void by the City.

B. Relationship of Franchise and Franchise Agreement to Laws. Each Franchise issued by the City is subject to its Franchise Agreement and Applicable Law, including this Chapter. Each Franchisee shall exercise all rights granted to it in accordance with its Franchise Agreement, this Chapter and all Applicable Law.

C. Nature of Franchise Agreements. Each Franchise Agreement is a contract, subject to the City's exercise of its police and other powers. A Franchise Agreement shall not confer any rights upon the Franchisee or limitations upon the City other than as expressly provided therein. Subject to the exercise of the City's police and other powers, in the case of any conflict between the express terms of a Franchise Agreement and the express terms of this Chapter, the Franchise Agreement shall govern. A Franchisee, by entering into a Franchise Agreement, shall not waive its rights to challenge the lawfulness of any particular enactment after the date the franchise is issued, including the right to challenge a particular enactment as an unconstitutional impairment of contractual rights.

5.12.040 Policy of Innovation.

Recognizing the fluid and expanding state of the development of communications technology and uses, it is the policy of the City to strongly encourage experimentation and innovation in the development of the Cable System technology uses, services, programming and techniques that will be of general benefit to the community; provided that all such experiments and innovations shall be subject to the rules of the FCC and any other federal, state and City laws and regulations.

5.12.050 Time Is of the Essence.

Whenever this Chapter or the Franchise Agreement sets forth any time for any act to be performed by the Franchisee, such time shall be deemed of the essence. The Franchisee's failure to perform within the time allotted shall, in all cases, be sufficient grounds for the City to invoke the remedies available under the terms and conditions of this Chapter and the Franchise Agreement.

5.12.060 Franchise Required.

A. Franchise Required. No Person shall construct, install, maintain or operate a Cable System within, along or under any Rights-of-Way in the City, or any other public property in the City, unless a franchise has first been granted by the City Council pursuant to the provisions of this Chapter, and unless the Franchise Agreement is in full force and effect.

B. Franchise Nonexclusive. Any franchise granted pursuant to this Chapter by the City shall not be exclusive, and the City specifically reserves the right to grant other franchises to any Persons at any time if the City determines that it is in the public interest to do so.

C. Franchise Binding. All provisions of this Chapter and any Franchise Agreement shall be binding upon the Franchisee, its successors, lessees, or assignees.

5.12.070 Grant of Authority

A. Length of Franchise. Any Franchise Agreement granted by the City pursuant to this Chapter shall commence upon the date specified in the Franchise Agreement by the Franchisee and the City and shall be for a period specified by the Franchise Agreement. All Franchise Agreements shall be subject to periodic review by the City to evaluate whether the Cable System's technology is meeting the community's needs and interests. In no event shall any Franchise Agreement exceed a term of 15 years, subject to the conditions and restrictions as provided in this Chapter. A Franchise Agreement may be renewed pursuant to the provisions of this Chapter and federal law. No privilege of exemption shall be inferred from the granting of any Franchise Agreement unless it is specifically prescribed.

B. No Right of Property. The granting of any franchise pursuant to this Chapter shall be a privilege and shall not impart to the Franchisee any right of property in any City Rights-of-Way or other City property.

5.12.080 Local Regulatory Framework-Continuing Regulatory Jurisdiction.

The City Council shall have continuing regulatory jurisdiction and supervision over the operation of any franchise granted pursuant to this Chapter. The daily administrative, supervisory and enforcement responsibilities of the provisions of this Chapter and the Franchise Agreement shall be delegated and entrusted to the City Administrator.

A. City Administrator Responsibilities. The City Administrator shall have the following responsibilities and authority:

1. Interpret and administer the provisions of this Chapter and the Franchise Agreement;
2. Represent the City in all matters pertaining to the implementation of the provisions of this Chapter and the Franchise Agreement;
3. Resolve disputes or disagreements between Subscribers, Users, potential Subscribers and Users, and the Franchisee as to matters involving an interpretation of this Chapter, the Franchise Agreement, or other matter subject to the City's jurisdiction, but only in the event that such parties are unable first to resolve their dispute; provided that nothing in this Section is meant to waive any rights a Franchisee may have to appeal the City's resolution of a dispute;
4. Review and audit reports and other documents submitted to the City as required by this Chapter or other law, so as to ensure that the necessary reports are completed and fulfilled pursuant to the terms of this Chapter.
5. Assure that all records, reules and charges pertinent to the System are made available for inspection at reasonable hours upon reasonable notice consistent with the Franchise Agreement and Applicable Law;
6. Confer with Franchisees, assist in the coordination among Franchisees, and enforce requirements under Applicable Law and Franchise Agreements for interconnections among Cable Systems and other Systems;
7. Consistent with this Chapter, establish and administer sanctions as authorized by the City Council to ensure compliance with this Chapter.
8. Advise the City Council on matters which may constitute grounds for termination or revocation of the Franchise Agreement in accordance with this Chapter and a Franchise;
9. Advise the City Council on proposed transfers of the System;
10. Consistent with this Chapter and to the extent permissible under Applicable Laws, promulgate regulations regarding the construction, reconstruction, operation, maintenance, dismantling, testing, or use of the System as necessary;
11. Ensure that the Franchisee makes any public access channel(s) defined as necessary for public information or education by the Common Council available to all Subscribers of the City on a nondiscriminatory basis; and
12. Ensure that the operation of any public access channel is free of program censorship and control to the extent permitted by law;
13. Perform any other duties assigned under the provisions of this Chapter or other legislation which may hereafter be enacted by the City Council or such other related duties as the City Council may direct.

5.12.090 Geographic Coverage of the System.

A. Annexation.

1. The rights and privileges awarded pursuant to this Franchise shall relate to and cover the entire present territorial limits of City and any area annexed thereto during the term of the Franchise. In the event City annexes additional territory during the term of this Franchise, Franchisee shall provide cable television service within such areas with due diligence after notification from City to do so consistent with the line extension criteria contained in this Section 5.12.090(B); provided that if another Cable System is offering Cable Service in any such annexed area, Franchisee shall not be required to provide cable television service within any such area.

B. Line Extension. A Franchisee shall construct and operate its Cable System so as to provide service to all parts of its franchise area as provided in the Franchise Agreement and having a density of at least fifteen (15) residential dwelling units per street half-mile of System. In addition, all areas which reach such density at any time during the franchise term shall be provided service upon reaching the minimum density. Subject to the above-described minimum density, any residential dwelling unit located within one hundred fifty (150) feet of the nearest Tap on a Franchisee's System shall be connected to the

Cable System at no charge other than the standard installation charge. The Franchisee shall, upon request by any potential Subscriber residing in the City Beyond the one hundred fifty (150) foot limit, extend service to such Subscriber, provided that the Subscriber shall pay the net additional extension costs. All measurements shall be made in a manner most favorable to the Person requesting service.

1. Where the density is less than that specified in subsection B., the Franchisee shall inform Persons requesting service of the possibility of paying for installation of a line extension and shall offer to provide them with a free written estimate of the cost, which shall be provided within fifteen (15) working days of such a request. The charge for installation or extension for each Person requesting service shall not exceed a pro rata share of the actual cost of extending the service. If, for example, the density in an area were three (3) residential units per half mile, Franchisee would pay one-fifth of the costs of the extension and Persons agreeing to take service would pay the remaining four-fifths.

2. Any residential dwelling unit located within one hundred fifty (150) feet of the closer of the nearest Tap on a Franchisee's System shall be connected to the Cable System at no charge other than the standard installation charge (plus extension charges, if any, that would apply under subsection B).

3. Under Normal Operating Conditions, if Franchisee cannot perform installations within the times specified in applicable Customer standards, the Subscriber may request and is entitled to receive a credit equal to the charge for a standard installation or the applicable promotional rate in effect. For any installation that is not a free installation or a standard installation, the Franchisee shall provide the Subscriber with a written estimate of all charges within seven (7) days of a request by the Subscriber. Failure to comply shall subject Franchisee to appropriate enforcement actions. This Section does not apply to the introduction of new products and services when Franchisee is utilizing a phased introduction.

4. In all cases where new developments and subdivisions are to be constructed to be served in whole or in part by underground power and telephone utilities, the owner or developer of such areas shall provide reasonable notice to the Franchisee of the availability of trenches, backfill and specifications of all necessary substructures in order that the Franchisee may install all necessary electronic cable facilities. In no event shall such undergrounding be at any cost or expense to the City.

5. Subject to the other provisions of this Section, Cable Service shall be made available upon request to all individual residential dwellings, condominiums, cooperative buildings, townhouses, institutions, organizations, businesses and all other structures within the designated franchise area.

6. Nothing in this section shall prohibit a Person from requiring that Cable System facilities conform to laws and regulations and reasonable conditions necessary to protect safety, functioning, appearance and value of premises or the convenience and safety of Persons and property.

7. Nothing in this Section shall prohibit a Person from requiring the Franchisee to agree to indemnify or compensate the owner for damages or from liability for damages caused by the installation, operation, maintenance or removal of System facilities by the Franchisee.

5.12.110 Conditions of Rights-of-Way Occupancy.

A. **Written Approval.** A Franchisee shall first obtain the written approval of the Director of Public Works prior to commencing construction within the Rights-of-Way and public places of the City. Approval shall be in accordance with relevant state and local laws and regulations, which approval shall not be unreasonably withheld. Except in cases of a bona fide emergency preventing such notice, the Franchisee shall notify the City at least ten (10) days prior to the commencement of any construction in any Rights-of-Way. The Franchisee shall not open or disturb the surface of any Rights-of-Way or public place for any purpose without first having obtained a permit to do so in the manner provided by law. Permits for emergency work shall be obtained as soon as possible, but in no case more than one (1) working day after the emergency work is initiated. All excavation shall conform with City ordinances and regulations and shall be coordinated with other utility excavation or construction so as to minimize disruption to the public.

B. **Use of Existing Poles or Conduits.**

1. The Franchisee shall utilize existing poles, conduits and other facilities whenever commercially reasonable and shall not construct or install any new, different or additional poles, conduits or other facilities on public property until the written approval of the City is obtained. No location or any pole or

wire-holding structure of the Franchisee on public property shall be a vested interest, and such poles or structures shall be removed or modified by the Franchisee at its own expense whenever the City determines that the public health, welfare or safety requires removal or modification.

2. The facilities of the Franchisee shall be installed underground in those areas of the City where existing telephone and electric services are both underground at the time of construction by the Franchisee. In areas where either telephone or electric utility facilities are installed aerially at the time of System construction, the Franchisee may install its facilities aerially; however, at such time as the existing aerial facilities are placed underground, the Franchisee shall likewise place its facilities underground at sole cost to the Franchisee.

C. Minimum Interference. All transmission and distribution structures, lines and equipment erected by the Franchisee shall be located so as to cause minimum interference with the unencumbered use of Rights-of-Way and other public places and minimum interference with the rights and reasonable convenience of property owners who adjoin any of the Rights-of-Way and public places.

D. Disturbance or Damage. In case of disturbance or damage caused by the Franchisee to any Rights-of-Way or public place, the Franchisee shall, at its own cost and expense and in the manner approved by the City, replace and restore such Rights-of-Way or public place in as good condition as before the work performed by the franchisee which caused such disturbance or damage.

E. Relocation.

1. At any time during the period of the franchise, the Franchisee shall, at its own expense, protect, support, relocate, remove or temporarily disconnect any of its property when, in the opinion of the City, (i) the same is required by reason of traffic conditions, public safety, Rights-of-Way vacation, Rights-of-Way construction, alteration to or establishment of any Rights-of-Way or any facility within the Rights-of-Way vacation, Rights-of-Way construction, alteration to or establishment of any Rights-of-Way or any facility within the Rights-of-Way, sidewalk, or other public place, parks or cemetery projects, or other public project of the City, including but not limited to, installation of sewers, drains, waterlines, power lines, traffic signal lines or transportation facilities; or (ii) a City project or activity makes disconnection, removal, or relocation necessary for the City.

2. The Franchisee shall, on request of any Person holding a permit under applicable Altoona ordinances to move a building, temporarily raise or lower its wires to permit the movement of the building. The expense of such temporary removal or raising or lowering of wires shall be paid by the Person requesting the same, and the Franchisee shall have the authority to require such payment in advance. The Franchisee shall be given not less than five (5) days advance notice to arrange such temporary wire alterations.

F. Emergency. Whenever, in case of fire or other emergency, it becomes necessary, in the judgement of the City Administrator, Police Chief, Fire Chief, or their delegates, to remove or damage any of the Franchisee's facilities, no charge shall be made by the Franchisee against the City for restoration, repair or damages unless such restoration, repair or damages result from negligence by the City or its agents.

G. Tree Trimming. The Franchisee shall have the authority to trim trees on public Rights-of-Way at its own expense as may be necessary to protect its wires and facilities, subject to supervision and direction by the City. Trimming of trees on private property shall require consent of the property owner. Any trimming of trees by the Franchisee in the Rights-of-Way and public ways shall be subject to such regulation as the City Administrator or other authorized official may establish to protect the public health, safety and convenience and the continued well being of the trees subject to trimming. Nothing herein shall be construed to limit Grantee's authority to trim trees in the case of an emergency.

H. Protection of Facilities. Nothing contained in this Section shall relieve any Person from liability arising out of the failure to exercise reasonable care to avoid damaging the Franchisee's facilities while performing any work connected with grading, regarding or changing the line of any Rights-of-Way or public place or the construction or reconstruction of any sewer or water system.

I. Installation Records. Each Franchisee shall keep accurate installation records of the location of all facilities in the Rights-of-Way and public ways and furnish such records to the city upon request. A Franchisee shall cooperate with the City to furnish such information in an electronic mapping format

compatible with the then-current City electronic mapping format. Upon completion of new or relocation construction of underground facilities in the Rights-of-Way and public ways, the Franchisee shall provide the City with installation records in an electronic format showing the location of the underground and above ground facilities.

J. Locating Facilities.

1. If, during the design process for public improvements the City discovers that facilities of the Franchisee present a potential conflict with the proposed construction of such public improvements, the Franchisee shall either: (a) locate and, if necessary, expose its facilities in conflict or (b) use a location service under contract with the City to locate or expose its facilities. Each Franchisee is obligated to furnish the location information in a timely manner, but in no case longer than thirty (30) days.

2. The City reserves the prior and superior right to lay, construct, erect, install, use, operate, repair, replace, remove, relocate, regrade, widen, realign, and maintain any Rights-of-Way and public ways, aerial, surface, or subsurface improvement, including but not limited to water mains, traffic control conduits, sanitary or storm sewers, subways, tunnels, bridges, viaducts, or any other public construction within the Rights-of-Way.

K. City's Rights. When the City uses its prior superior right to the Rights-of-Way and public ways, the Franchisee shall move its property that is located in the Rights-of-Way and public ways, at its own cost, to such a location as the City directs. Notwithstanding the foregoing, in the event the public project is paid for totally or in part by non-public funds, then the Franchisee's costs of moving its property shall be borne by the source of the non-public funds in the same ratio as the non-public funds bear to the total project costs.

L. Facilities in Conflict. If, during the course of a City project, the City determines Franchisee's facilities are in conflict with the project, the following shall apply:

1. Prior to Notice to Proceed to Contractor: The Franchisee shall, within a reasonable time, but in no event exceeding three (3) months, remove or relocate the conflicting facility. This time period shall begin running upon receipt by the Franchisee of written notice from the City. However, if both the City and the Franchisee agree, the time period may be extended based on the requirements of the project.

2. Subsequent to City Notice to Proceed to Contractor: The City and the Franchisee shall immediately begin the coordination necessary to remove or relocate the facility. Removal or relocation shall begin no later than seventy-two (72) hours, if practicable after written notification from the City to the Franchisee of the conflict.

M. Permits.

1. The Franchisee agrees to obtain a permit as required by the City prior to removing, abandoning, relocating or reconstructing any portion of its facilities. Notwithstanding the foregoing, the City understands and acknowledges there may be instances when the Franchisee is required to make repairs, in compliance with federal or state laws, that are of an emergency nature. In the event of such an emergency, the Franchisee shall provide such notice as is practicable to the City. Permits for emergency work shall be obtained as soon as possible, but in no case more than one (1) working day after the emergency work is initiated.

2. Reimbursement paid through the permitting process is separate, and in addition to, any other fees included in the franchise. The Franchisee, at the time of or prior to submitting construction plans, shall provide the City with a description of the type of service to be provided by the franchisee in sufficient detail for the City to determine compliance with the franchise and Applicable Law.

3. The City may issue reasonable, competitively neutral policy guidelines to all Franchisees to establish procedures for determining how to control issuance of engineering permits to multiple Franchisees for the use of the same Rights-of-Way for their facilities. The affected Franchisees shall cooperate with the City in establishing such policy and comply with the procedures established by the City Administrator to coordinate the issuance of multiple engineering permits in the same Rights-of-Way segments.

N. Restoration. If, in the installation, use or maintenance of its facilities, the Franchisee damages or disturbs the surface or subsurface of any Rights-of-Way or public ways or public property or the public improvement located thereon, therein, or thereunder, the Franchisee shall promptly, at its own expense,

and in a manner acceptable to the City, restore, repair or replace the property thereon, therein, or thereunder, in as good a condition as before such damage or disturbance. If such restoration, repair or replacement is not completed within a reasonable time, or such repair or replacement does not meet the City's reasonable standards, the City shall have the right to perform the necessary restoration, repair, or replacement, either through its own forces or through a hired contractor after giving Franchisee thirty (30) days prior written notice and an opportunity to cure and Franchisee fails to cure, and the Franchisee agrees to reimburse the City for its expenses in so doing within thirty (30) days after its receipt of the City's invoice therefor.

O. Relocation Delays.

1. If, after prior written notice to Franchisee, Franchisee's relocation effort so delays construction of a public project causing the City to be liable for delay damages, the Franchisee shall reimburse the City for those damages attributable to the delay created by the Franchisee. In the event the Franchisee should dispute the amount of damages attributable to the Franchisee, the matter shall be referred to the Director of Public Works for a decision. In the event that Franchisee disagrees with the decision of the Director of Public Works, the matter shall be submitted to the City Administrator for determination, whose decision shall be final and binding upon Franchisee as a matter of City review, provided that nothing herein waives any right of appeal to the courts.

2. In the event the City becomes aware of a potential delay involving the relocation of Franchisee's facilities, the City shall promptly notify the Franchisee of this potential delay.

P. Interference with City Facilities. The installation, use and maintenance of the Franchisee's facilities within the Rights-of-Way and public ways authorized herein shall be in such a manner as not to interfere with the City's placement construction, use and maintenance of its Rights-of-Way and public ways, Rights-of-Way lighting, water pipes, drains, sewers, traffic signal systems or other City Systems that have been or may be installed, maintained, used or authorized by the City.

Q. Interference with Utility Facilities. The Franchisee agrees not to install, maintain or use any of its facilities in such a manner as to damage or interfere with any existing facilities of any non-municipal utility located within the Rights-of-Way and public ways of the City and agrees to relocate its facilities, if necessary, to accommodate another facility relocation. Nothing in this Section is meant to limit any rights a Franchisee may have under Applicable Law to be compensated for the cost of relocating its facilities from the non-municipal utility that is requesting the relocation.

R. Co-Location. To maximize public and employee safety, to minimize visual clutter of aerial plant, and to minimize the amount of trenching and excavation in and along the City Rights-of-Way and sidewalks for underground plant, Franchisee shall make every commercially reasonable effort to co-locate compatible facilities within the Rights-of-Way subject to the engineering requirements of the owners of utility poles and other facilities.

5.12.120 Use, Rental or Lease of Utility Poles and Facilities.

Each Franchisee assumes all responsibility for gaining permission from any electric, gas or telephone utility in the City for the use, rental or lease of poles, underground conduits and other structures and facilities for the purpose of extending, carrying or laying the franchisee's wires, cables, electronic conductors and other facilities and appurtenances necessary or desirable in conjunction with the establishment and operation of the Cable System.

5.12.130 Cable System Design.

It is the intent of the City that the Cable System provide the broadest range of services possible. The requirements stated in this Section are intended only as minimum specifications for the Cable System and final determination of Cable System design for Franchisees shall be made through the initial licensing or renewal process. The City may increase or otherwise alter the requirements in a Request for Proposals for a franchise. Applicants for a franchise are strongly encouraged to offer the City, through the Proposal process, the broadest range of services, facilities, equipment, technical assistance and other related considerations as are technologically and economically feasible. Neither the specifications of the minimums in subsections A. through J. nor the final terms of a Franchise Agreement shall be interpreted

to waive any rights or obligations of the Franchisee or the City under 47 U.S.C. §546 or successor statute.

A. Channel Capacity. The Franchisee shall construct, at a minimum, a System that provides a minimum capacity of 750 MHz and that is designed in a way so that it can deliver the channels in a manner reasonably responsive to Customer demand. The System shall be designed so that the number of channels may be increased as supply and demand for additional channel utilization exceeds the number initially activated and so that the capacity of the Cable System may be increased without substantial reconstruction of the Cable System.

B. System Configuration. The Franchisee shall design and construct the System in such a manner as to provide maximum utilization flexibility for both Subscribers and Users.

C. Emergency Override. Except as inconsistent with FCC regulations, the System shall include an emergency alert capability which shall permit the City Administrator to override the audio on all television channels simultaneously, in the case of public emergencies as determined by the City Administrator or Director of Emergency Services. The Franchisee shall also designate a video channel to be used for emergency broadcasts, which designation shall be included in the Franchise Agreement.

D. Standby Power. The Franchisee shall maintain in constant readiness equipment capable of providing standby power for the Cable System, consistent with sound engineering practices and compatible with the Franchisee's System design.

1. Such equipment shall be constructed so as to revert automatically to a standby mode when alternating current power returns.

2. Franchisee shall comply with all utility and other safety regulations to prevent the standby power supply from powering a "dead" utility line so as to prevent injury to any Person.

E. Two-Way Capability. Maximum two-way interactive service capability as reasonably justified in light of the needs and interests of the community and the costs thereof, considering project advances in technology, shall be designed into the System at its inception.

F. PEG Channels.

1. In addition to the other services proposed by applicants, the City shall place significant emphasis on the provision of PEG channels, facilities and related considerations. Such areas include but are not limited to the following: channel(s) for government usage, educational usage (public and nonprofit schools, colleges and universities), public access, and local origination. Applicants for a franchise are strongly encouraged to investigate the needs and desires of potential Users and to offer such community services as are technologically and economically feasible. Both internal institutional communications and connection to Subscribers is encouraged where appropriate.

2. The Franchisee shall not take any actions that would discourage or prevent maximum utilization of all PEG channels provided, and shall cooperate with the City and managers of PEG channels to ensure that Subscribers are aware of the channels, can access them easily, and, to the extent that a Franchisee (or some entity acting on a Franchisee's behalf) is involved in publicizing Franchisee's other channels or channel schedules, that the PEG channels and channel schedules are similarly publicized.

G. Facilities and Management. In regard to the community service provisions referred to in this Section, applicants are strongly encouraged to consider and provide studio facilities, production equipment, technical assistance and other facilities and equipment to enable the City and its residents to fully utilize the Cable System as not only an entertainment medium, but as an intra community communications and education medium. Such services, facilities, production equipment, origination points, hours of availability where appropriate, costs and all other necessary information relating to community service shall be as proposed by applicants and as provided for in the Franchise Agreement. Specific operational details and responsibilities, including the City's right to designate management organizations to operate various community service channels and facilities (a right specifically reserved herein by the City), shall be provided for in the Franchise Agreement and by separate agreement between the Franchisee, the City and any management organizations designated by the City for this purpose.

H. Public Use Connections. At a minimum, the Franchisee shall offer to provide, without charge, one (1) Drop and one (1) outlet of Basic Cable Service and Cable Programming Service to the ground block of each public, private and parochial school, nonprofit college and university and each fire station, police station, public library branch, City neighborhood community centers, (excluding public

spaces in such community centers) and such other facilities used primarily for municipal purposes which are within three hundred (300) feet of the existing System as may be designated by the City. A Franchise Agreement may specify the particular conditions under which the outlets will be provided.

I. Reception. The Cable System shall be capable of and shall produce a picture which meets all applicable FCC technical standards. This requires that equipment be installed at the headend to allow the Franchisee to receive or cablecast signals in substantially the form received, without substantial alteration or deterioration (for example, the headend should include equipment that will transmit color video signals received at the headend in color). Equipment shall be installed so that all closed captioning programming received by the Cable System shall include the closed caption signal so long as the closed captioned signal is provided consistent with FCC standards. Equipment shall be installed so that all local signals received in stereo or with secondary audio tracks (broadcast and PEG) are retransmitted in those same formats.

5.12.140 Privacy.

A. Valid Authorization of Subscriber. The Franchisee shall strictly observe and protect the rights of privacy and property rights of Subscribers and Users at all times. Individual Subscriber preferences of any kind, viewing habits, political, social or economic philosophies, beliefs, creeds, religions or names, addresses or telephone numbers shall not be revealed to any Person, government unit, police department or investigating agency unless upon the authority of a court of law or pursuant to prior voluntary Valid Authorization of the Subscriber, which shall not be required as a condition of receiving service.

1. Neither the Franchisee nor any other Person shall initiate in any form the discovery of any information on or about a Subscriber's premises without prior Valid Authorization from the subscriber potentially affected.

2. A Subscriber may at any time revoke any authorization previously made, by delivering to the Franchisee in writing by mail or otherwise, his/her decision to so revoke. Any such revocation shall be effective upon receipt by the Franchisee.

B. Release of Subscriber Information. The Franchisee may release the number of its Subscribers but only as a total number or as a percentage of the potential Subscribers throughout the City. When indicating the number of Subscribers viewing a particular channel at a particular time, the Franchisee may indicate only the total number of Subscribers viewing during the relevant time and the percentage of all Subscribers which they represent, but never the identity of a particular Subscriber. The Franchisee may maintain such information as is necessary to bill Subscribers for the purchase of any Cable System service.

C. Subscriber Monitoring.

1. No monitoring of any Subscriber terminal shall take place without specific prior Valid Authorization by the User of the terminal in question; provided that the Franchisee may conduct System wide or individually addressed "sweeps" for the purpose of verifying System integrity. In no event shall aural or visual monitoring of any kind take place without a clear indication to the Subscriber that such monitoring is taking place. The Franchisee shall not initiate a Subscriber response mechanism without the City Administrator's making a finding that the System can operate effectively and yet give absolute protection against any invasion of privacy.

2. The Franchisee shall not tabulate any test results, nor permit the use of the System for such tabulation, which would reveal the commercial product preferences or opinions of Subscribers, members of their families or their invitees, Franchisees or employees without prior Valid Authorization of the Subscriber.

D. Privacy Violations. Each compilation, publication, tabulation or other dissemination of each piece of information made or permitted to be made in violation of this Section shall be considered a separate violation.

5.12.150 Construction and Technical Standards.

A. Compliance with Construction Codes.

1. Construction practices of Franchisees shall be in accordance with all applicable provisions of

the Occupational Safety and Health Act of 1970 and any amendments thereto as well as all Applicable Laws, rules and regulations of the state and the City, including but not limited to requirements of the City in regard to various electrical wiring necessary to the operation of City functions, including but not limited to traffic-control signalization, right-of-way lighting, fire lines and emergency communications lines.

2. All installation of electronic equipment shall be of a permanent nature, durable and installed in accordance with the applicable provisions of the current editions of the National Electrical Safety Code as published by the Institute of Electrical and Electronics Engineers, the National Electrical Code of the National Fire Protection Association, and all state and local codes where applicable.

3. Antenna-supporting structures such as towers shall be painted, lighted, erected and maintained in accordance with all applicable laws, rules and regulations of the federal government, state and the City.

B. Performance Standards. The System shall be installed, maintained and operated in accordance with the highest accepted standards of the industry. The Franchisee shall design and construct the System so as to meet the following minimum standards:

1. The Cable System shall be capable of continuous twenty-four (24) hour daily operation without severe material degradation of signal except during extremely inclement weather, and immediately following extraordinary storms which adversely affect utility services or which damage major System components.

2. The Cable System should be capable of operating over an outdoor temperature range of -25° F to +135° F and over variation in supply voltages from 105 to 130 volts AC without catastrophic failure or irreversible performance changes.

C. Technical Standards. Except as otherwise provided in federal law, each Cable System shall be designed, installed and operated so as to comply with all applicable technical standards, codes, and regulations as promulgated by the FCC and other federal, state and local authorities. In this regard, 47 C.F.R. section 76.60, relating to technical standards (including but not limited to performance monitoring and measurements), shall apply in full and is hereby incorporated herein by this reference, except as preempted by federal law. All other applicable state or City laws, rules or regulations relating to technical standards and operation of the System as may be enacted or promulgated from time to time shall apply and govern the installation and operation of the System to the extent such laws, rules or regulations are not preempted by federal regulation.

5.12.160 Customer Service Standards.

A. Office and Phone Service.

1. The Franchisee shall maintain an office in the City which shall be open and staffed during Normal Business Hours. The Franchisee shall have a locally listed telephone number and be so operated that complaints and requests for repairs or adjustments may be received twenty-four (24) hours per day, each day of the year. Franchisee's Personnel at the local office shall, at a minimum, be able to provide immediate billing information, provide for equipment pick-up and drop-off, and provide written Customer service information.

2. Trained company representatives shall be available to respond to telephone inquiries from 7:00 a.m. to 8:00 p.m. Monday through Saturday. Between 8:00 p.m. and 7:00 a.m. Monday through Saturday, the access line may be answered by a service or an automated response System, including an answering machine. Inquiries received by Franchisee's answering service or automated response System shall be responded to by a trained company representative on the next business day.

3. Under Normal Operating Conditions, telephone answer time by a Customer representative, including wait time, shall not exceed thirty (30) seconds from when the connection is made. If the call is required to be transferred, transfer time shall not exceed thirty (30) seconds. Callers shall receive a busy signal less than three percent (3%) of the time. Calls shall be lost or abandoned less than three percent (3%) of the time. The Franchisee shall comply with the standards established in this paragraph no less than ninety percent (90%) of the time, measured on a quarterly basis.

4. Customer service center and bill payment locations shall be open at least during Normal Business Hours and shall be conveniently located. A Franchisee may use an agent such as a bank or other

business to receive bill payment from cable Customers during and outside of Normal Business Hours. Such an arrangement shall not relieve the Franchisee of its obligation to have its own bill payment location open at least during Normal Business Hours. The account of a Customer who remits payment at any authorized bill payment location shall be credited by Franchisee no later than the beginning of the second business day after remittance. Bill payment locations shall contain a written notice informing Subscribers when their account will be credited.

5. Franchisee shall notify the City Administrator as promptly as possible, whenever there is a total interruption of telephone service which affects Franchisee's Subscriber service phone lines.

6. Failure to meet the standards contained in this Section shall subject Franchisee to appropriate enforcement actions.

B. Notification Requirements.

1. The Franchisee shall provide written information relating to the material described in subparagraphs a. through h. of this paragraph at the time of installation of service, at least annually to all Subscribers, and at any time upon request of a Subscriber or potential Subscriber. A current version of the information shall be provided to the City upon request, and automatically whenever the material provided to Subscribers or potential Subscribers changes. The notice provided shall provide information specific to Altoona; provided that nothing contained in this paragraph shall prevent the Franchisee from complying with this Section by sending a national notice and a separate notice that provides detail concerning local procedures, so long as the two are consistent and contain the information required by this paragraph.

a. Products and services offered;

b. Prices and options for programming services and conditions of subscription to programming and other services. In order that Subscribers are fully apprised of the charges they may incur, Franchisee shall note that advertised rates are subject to additional taxes and fees;

c. Installation and service maintenance policies, including, when applicable, information regarding the Subscriber's home wiring rights and information describing ownership of internal wiring during the period service is provided.

d. Instructions on how to use the Cable Service.

e. Channel positions of programming carried on the System;

f. Billing and complaint procedures, including address and telephone number of the Franchisee located in the City cable office;

g. The address and telephone number of the Franchisee's office to which complaints may be reported.

h. Subscribers' rights to obtain refunds or credits from the Franchisee and the steps that must be taken to obtain the refunds and credits.

2. At any time a Subscriber's services are changed due to action by Franchisee, Franchisee shall send the following notice:

a. Products and services offered;

b. Prices and options for programming services and conditions of subscription to programming and other services. In order that Subscribers are fully apprised of the charges they may incur, Franchisee shall note that advertised rates are subject to additional taxes and fees;

c. Channel positions of programming carried on the System;

d. Subscribers' rights to downgrade their Cable Service or to disconnect from the Cable System.

3. Customers will be notified of any changes in rates, programming services, or channel positions as soon as possible in writing unless otherwise expressly provided by federal law. Notice must be given to Subscribers a minimum of thirty (30) days in advance of such changes if the change is within the control of the Franchisee.

4. The City shall be notified of any change in rates, programming services, channel position or policy at least thirty (30) days in advance of such change by letter delivered to the City Administrator, which shall include a copy of the Subscriber notice, except where such notification is impossible because the change is beyond the control of Franchisee or any affiliate, in which case the notice must be given as quickly as possible.

5. Notice to Subscribers must be reasonable.
6. Every notice of termination of service shall include all of the following information:
 - a. The name and address of the Subscriber whose account is delinquent;
 - b. Current account balance;
 - c. The date by which payment is required in order to avoid termination of service; and
 - d. The telephone number of a representative of Franchisee who can provide additional information and handle complaints or initiate an investigation concerning the service and charges in question.
7. The following special notice procedures shall apply:
 - a. At any time a Person subscribes to any service, the Person must be specifically informed whether there will be a charge to drop the service;
 - b. If there is any charge for terminating a promotional or free product or service, the charge must be disclosed in writing prior to connection of the service or provision of the product; and
 - c. At the time Franchisee completes installation, Franchisee shall provide the Person with information regarding refunds or credit if offered by Franchisee. Franchisee shall annually inform its Subscribers of refunds or credits, if offered by Franchisee, if the Franchisee's personnel miss an installation or service call appointment without the consent of the Subscriber.
- C. Service Calls and Response Time. Under Normal Operating Conditions, each of the following standards shall be met no less than ninety-five percent (95%) of the time, as measured on a quarterly basis:
 1. Installations to locations that are located within one hundred twenty-five (125) feet of the existing distribution System shall be performed within seven (7) business days after an order has been placed. Installations to locations that are located more than one hundred twenty-five (125) feet away from, but within three hundred (300) feet of the existing distribution System shall be performed within fourteen (14) days after an order has been placed.
 2. Where a request for service can be satisfied without a service call, the request shall be satisfied within three (3) business days from the date of request.
 3. For installations to locations that are more than three hundred (300) feet from the existing distribution System, service shall be provided on a mutually acceptable schedule. Nothing in this Section permits a Franchisee to charge for extending service in an area where the Franchisee is required to provide service pursuant to Section 5.12.090. Installations on new construction entitled to service under a Franchise Agreement or this ordinance shall be completed within ninety (90) days of the date of occupancy, subject to weather conditions and equipment availability.
 4. The "appointment window" for installations, service calls, and other installation activities will be either a specific time or, at maximum, a four (4) hour time block during Normal Business Hours. The Franchisee may schedule service calls and other installation activities outside of Normal Business Hours for the express convenience of the Customer.
 5. Franchisee may not cancel an appointment with a Person after the close of business on the business day prior to the scheduled appointment without the Person's consent.
 6. If the Franchisee's representative is running late for an appointment with a customer and will not be able to keep the appointment as scheduled, the customer will be contacted. The appointment will be rescheduled, as necessary, at a time which is convenient for the Customer.
 7. Under Normal Operating Conditions, if Franchisee does not arrive for installations or service calls by appointment within the scheduled appointment window the Person may request within thirty (30) days of the missed appointment and is entitled to receive a \$20.00 credit for missed service call appointments or a free installation for missed installation appointments.
 8. Excluding conditions beyond the control of the Franchisee, the Franchisee shall begin working on "Service Interruptions" promptly and in no event later than twenty-four (24) hours after the Service Interruption becomes known to the Franchisee. The Franchisee must begin actions to correct other service problems the next business day after notification of the service problem. Merely acknowledging the existence of the problem does not satisfy this requirement.
 9. Service interruptions shall be corrected within thirty-six (36) hours of the time that the

interruption becomes known to the franchisee unless such correction is precluded by circumstances beyond the reasonable control of Franchisee.

10. Problems with Cable Service other than Service Interruptions shall be corrected within ninety-six (96) hours of the time that the problems become known to the Franchisee.

D. Disconnect Charges; Time for Disconnection. No Franchisee shall impose a disconnect charge upon any Subscriber who terminates Cable Service. For purposes of billing, a request for disconnection shall be effective immediately upon the Subscriber's oral or written request to the Franchised, and the Subscriber shall not be billed for any service provided after the request, and shall be entitled to a refund of any prepaid amount that applies to the period after the date of the request. In the case of special promotions, a Subscriber shall not be entitled to a refund or prepayment amounts if the Subscriber was fully and clearly informed prior to taking the service that prepaid amounts would not be returned. Nothing prevents a Franchisee from establishing reasonable charges to disconnect the service of Persons who fail to pay their bills consistent with Applicable Laws.

E. Refunds, Credits and Rebates. Franchisee shall at all times comply with each and every requirement of ATCP 123.02, 123.04 and 123.10 as may be amended, Wisconsin Administrative Code.

F. Bills and Billing Disputes.

1. Bills of the franchisee shall be clear, concise and understandable. Bills shall be fully itemized, with itemizations showing, but not limited to, basic and premium service charges and equipment charges. Bills shall also clearly delineate all activity during the billing period, including optional charges, rebates and credits. In case of a billing dispute, the Franchisee shall respond to a written complaint made by a Subscriber within thirty (30) days. If Franchisee chooses to itemize on its bills as a separate line item franchise fees and/or other governmentally imposed fees, such fees shall be shown in accordance with Applicable Law concerning Franchisee's ability to itemize such fees.

2. Refund checks or rebates shall be issued promptly, but no later than either (i) the Customer's next billing cycle following resolution of the matter resulting in the refund, or thirty (30) days, whichever is earlier, or (ii) a return of equipment supplied by the Cable Operator, if any, if service is terminated. Credits for service shall be issued no later than the Customer's next billing cycle following the determination that a credit is warranted.

3. A specific due date at least ten (10) business days from the date of mailing shall be indicated on every Subscriber bill. Such requirement applies only to active accounts in good standing, and shall not apply to accounts pending disconnection for prior delinquencies. A late charge or other fee for late payment may not be imposed earlier than the later of (i) twenty-three (23) days after the bill is mailed; or (ii) the 20th day of the month in which the service for which payment is sought is rendered. For purposes of determining whether a fee may be imposed, the bill shall be deemed paid on the date Franchisee receives payment, and it is Franchisee's responsibility to ensure that its posting and crediting practices will not result in assessment of improper fees and charges upon Subscribers.

4. Subscriber bills from Franchisee shall include the name, address, and telephone number of the Cable Liaison. The Cable Liaison shall provide such name, address and telephone number to Franchisee on an annual basis by January 1, or as needed.

5. Franchisee shall forward all regulatory billing inserts affecting rates, policies and procedures and copies of all other mailings required by law or under the franchise to Subscribers to the City Administrator fifteen (15) days prior to the time they are provided to Subscribers. Copies of notices to Subscribers must be forwarded to the City Administrator to determine compliance pursuant to Applicable Law.

6. It is the franchisee's obligation to pick up any equipment upon termination of any service if Franchisee initially delivered the equipment to the Subscriber. Any charges imposed for pick-up of such equipment shall not exceed the charge for delivering the equipment, assuming the Customer honors the equipment pick-up appointment agreed to with the company.

G. Complaints. If a complaint to a Franchisee cannot be resolved to a Customer's satisfaction, the City may consider individual cases brought to its attention and may seek that information necessary to investigate the dispute and to exercise any authority the City may have to resolve the dispute.

H. Complaint Procedure. The City Administrator, or designee, upon receiving complaints about

Cable Service shall keep a log of complaints received by telephone. The log shall include the date made, the name and address of the Person lodging the complaint, the subject matter of the complaint and the action taken. The City Administrator shall provide a copy of the complaint log to the Franchisee as frequently as once per quarter, or less frequently, if the number of complaints is low.

I. Disconnection or Denial of Service.

1. Franchisee shall not terminate residential service for nonpayment of a delinquent account unless Franchisee provides initial written notice of the delinquency and impending disconnection at least ten (10) days prior to the proposed termination. The notice shall be mailed, postage prepaid, to the Subscriber to whom the service is billed. This notice shall not be sent until fifteen (15) days after the delinquent date of the bill. The disconnect notice may be included as part of a mailing containing a billing statement so long as the disconnect notice is prominently displayed.

2. Franchisee shall terminate service only on days when a representative of Franchisee will be available to the Subscriber either in Person or by telephone. Service terminated without good cause shall be restored without charge for the service restoration. "Good cause" includes, but is not limited to, failure to pay, payment by check for which there are insufficient funds, or theft of service.

3. Subject to provisions of the Franchise Agreement, Franchisee shall furnish and maintain services to each Person in the franchise area who makes a request to receive any programming service. Nothing in these standards shall limit the right of Franchisee to deny service to any household or individual which has a negative credit or service history with Franchisee, which may include nonpayment of bills or theft or damage to Franchisee's equipment, or who has threatened or assaulted employees of Franchisee in the course of their employment, or for other good cause, which shall be documented; provided, however, that in the event Service is denied, Franchisee will give notice to the Subscriber of the reason for denial.

J. Deposits, Refunds, and Credits.

1. On all deposits, Franchisee shall be required to pay simple interest at a rate of ½% per month (6% per year). Such interest shall be accrued and payable upon termination of service. Upon termination of service for any reason, Subscribers shall be entitled to receive a refund or credit against amounts owed Franchisee equal to the deposit plus accumulated interest. The rate may be modified to reflect prevailing market interest rates upon approval by the City which shall not be unreasonably withheld. Such interest shall be accrued on deposits charged to Subscribers after the effective date of the franchise.

1. City may notify Franchisee of the alleged violation or breach, stating with specificity the nature of the alleged violation or breach, and demand that Franchisee cure the same within a reasonable time, which shall not be less than ten (10) days in the case of an alleged failure of the franchisee to pay any sum or other amount due the City under this Ordinance or the Franchisee's Franchise and thirty (30) days in all other cases. Franchisee may within ten (10) days of receipt of such notice, submit a written response to City challenging said alleged violation. City shall hear Franchisee's challenge within thirty (30) days and render a final decision within thirty (30) days thereafter.

2. If Franchisee: a) does not challenge the alleged violation or breach, or b) fails to cure the alleged violation or breach within the time prescribed, the City shall provide Franchisee with written notice of not less than ten (10) days of a public hearing to be held before the City Council. Said notice shall specify the violations or breaches alleged to have occurred. At the public hearing, the City Council shall hear and consider relevant evidence and thereafter render findings and its decision.

3. In the event the City Council finds that a material violation or breach exists and that Franchisee has not cured the same in a satisfactory manner or has not diligently commenced to cure any such violation or breach after notice thereof from the city and is not diligently proceeding to fully cure such violation or breach, the City Council may impose penalties or damages from any security fund or performance bond required in a Franchise Agreement or may terminate Franchisee's Franchise.

4. If the City Council chooses to terminate Franchisee's Franchise, the following additional procedure shall be followed:

After holding the public hearing, the City shall provide Franchisee with written notice of the City's intention to terminate the Franchise and specify in detail the reason or cause for the proposed termination. D. Remedies Cumulative. All remedies under this Chapter and any Franchise Agreement are cumulative unless otherwise expressly stated. The exercise of one remedy shall not foreclose use of another, nor shall the exercise of a remedy or the payment of damages or penalties relieve a Franchisee of its obligations to comply with this Chapter and its Franchise Agreement. Remedies may be used singly or in combination. In addition, the City may exercise any rights it has at law or equity. Recovery by the City of any amounts under insurance, the performance bond, the security fund or letter of credit or otherwise, shall not limit a Franchisee's duty to indemnify the City in any way, nor shall such recovery relieve a Franchisee of its obligations under this Chapter or a Franchise Agreement, limit the amounts owed to the City, or in any respect prevent the City from exercising any other right or remedy it may have. Nothing contained in this Chapter shall be read to authorize the double-recovery of damages.

E. Right to Require Dismantling; Restoration. In the event that the City exercises its option to require the Franchise to dismantle the Cable System, the Franchisee shall, in an expeditious manner, at its own expense and at the direction of the Director of Public Works, restore any property, public or private, to the condition in which it existed prior to the erection or construction of the Cable System, including any improvements made to such property subsequent to the construction of the Cable System. This period of operation shall not exceed sixty (60) days from the date of occurrence or the date on any appeals of the same are finally concluded, whichever is later. In the event of a termination or denial of Franchise renewal of the Franchise Agreement, the City may purchase the cable System for an equitable price consistent with 47 U.S.C. §547. Upon termination of the Franchise Agreement, the value of the Cable System shall be solely based on the fair market value of the Cable System. No value shall be assigned to the franchise itself whether termination is or is not for cause.

5.12.230 Foreclosure and Receivership.

A. Foreclosure. In the case of a foreclosure or other judicial sale or termination of lease of the plant, property or equipment of the Franchisee, or any substantial part thereof, or any rights under the Franchise Agreement, the Franchisee shall serve written notice upon the City of any such event; and the City may serve written notice of termination upon the Franchisee and the successful bidder at such sale, in which event the Franchise and the Franchise Agreement and all rights and privileges of the Franchisee thereunder shall cease and terminate thirty (30) days after service of such notice, unless:

1. City Council has approved the transfer of ownership of the franchise, in accordance with all pertinent provisions of Chapter 5.12.240 of this Ordinance, and

5.12.240 Transfers and Assignments.

The procedures for transfers and assignments of the Franchise Agreement will conform to the requirements as set forth in federal law and applicable FCC regulations and will include the following requirements:

A. Transfer Rights. The Franchisee shall not sell, transfer, assign, exchange or release, or permit the sale, transfer, assignment, exchange or release ten percent (10%) ownership of the System, nor shall Franchisee sell, transfer, assign, exchange, or release, or permit the sale, transfer, assignment, exchange, or release of the rights in the franchise Agreement to a Person (hereinafter “proposed transferee”), without the prior written authorization of the City Council. A transfer of ownership is presumed to occur if forty percent (40%) or more of the ownership interest in a Cable System is transferred. The City Council specifically reserves the right to deny, restrict or condition authorization to transfer upon the criteria stated in this Section and any other lawful criteria the City Council determines to be necessary in the public interest.

B. Required Information. The Franchisee shall provide the following information to the City:

1. All information and forms required under federal law or the equivalent of such forms if no longer required by federal law;

C. City Council Review. Once the required information has been provided, the transfer application shall be subject to review by the City Council and any approval shall be subject to the City Council’s determination that:

1. The proposed transferee has the qualifications to construct, operate and repair the System proposed in conformity with Applicable Law;

2. The proposed transferee will comply with and agree to be bound by the existing Franchise Agreement.

D. Approval. Any approval will also be subject to a determination by the City Council that:

1. Transferee is legally, technically and financially qualified;

2. Transferee will agree to be bound by all the conditions of the Franchise and to assume all the obligations of its predecessor;

3. Any outstanding compliance and compensation issues will be resolved or preserved to the satisfaction of the City Council; and

4. The proposed transferee and the current Franchisee have provided all required information so that the City Council may act on the application.

E. Acceptance. Any proposed transferee shall execute an agreement, in such form as acceptable to the City Attorney, that it will assume and be bound by all of the provisions, terms and conditions of this Chapter, and the Franchise Agreement.

F. Unauthorized Transfer.

1. The occurrence of an unauthorized transfer or assignment may, at the option of the City Council, provide the City with cause to terminate the Franchise Agreement consistent with Section 5.12.200 herein; provided, however, Franchisee shall have the right to appeal any such determination by

the City council and shall continue to operate the System during the pendency of any appeal.

2. From and after any occurrence constituting an unauthorized transfer or assignment, the putative transferee shall not make, execute or enter into any deed, deed of trust, mortgage, contract, conditional sales contract or any loan, lease, pledge, security agreement, sale, pole agreement or any other agreement or hypothecation concerning any System facilities or property, whether real or Personal, without the written approval of the City Council, provided, however, this paragraph shall be suspended during the pendency of any appeal.

G. Collateral. Nothing in this Section shall be deemed to prohibit the use of the Franchisee's property as collateral for security in regard to financing. However, any such financing arrangements shall be subject to all provisions of this Chapter and the Franchise Agreement. In no case may any Person, including the institution holding the System as collateral, succeed to the ownership or control of the System or the Franchise without the prior approval of the City Council.

H. Proprietary Information. Nothing in this Section shall be read to prohibit Franchisee from providing information subject to the protections for proprietary information under this Ordinance or a Franchise Agreement.

5.12.250 Subscriber Antennas.

The Franchisee shall not require the removal of any potential or existing Subscriber antennas as a condition for provision of service.

5.12.260 Indemnification and Disputes Regarding Issuance of Franchise.

A. Indemnification. The Franchisee shall indemnify, save harmless and defend the City, the City Council, appointed boards and commissions, officers and employees, individually and collectively from all fines, liens, suits, claims, demands, actions, costs of litigation, attorneys' fees, judgements or liability of any kind (including but not limited to libel, slander, invasion of privacy, unauthorized use of any trademark, trade name or service mark, copyright infringement, injury, death or damage to Person or property) arising out of or in any way connected with the installation, construction, operation, maintenance or condition of the System. The Franchisee shall assume all risks in the operation of the System and shall be solely responsible and answerable for any and all accidents or injuries to Persons or property arising out of Franchisee's performance of the Franchise Agreement. The amounts and types of insurance coverage requirements set forth by this Chapter shall in no way be construed as limiting the scope of indemnity set forth in this Section. The City shall give the franchisee timely written notice of the making of any claim or the commencement of any action, suit or other proceeding covered by the indemnity of this Section, where the Franchisee is not a party thereto.

B. Disputes Regarding Issuance of Franchise:

1. Franchisee shall indemnify, save harmless and defend the City, its City Council, appointed boards and commissions, officers and employees, individually and collectively from all fines, liens, suits, claims, demands, actions, costs of litigation, attorneys' fees, judgements or liability of any kind arising from the defense of any litigation brought by third parties challenging the right of the City to issue a franchise to Franchisee under state law. The City shall give the Franchisee timely written notice of the making of any claim or the commencement of any action, suit or other proceeding covered by the indemnity of this Section, where the Franchisee is not a party thereto.

2. Franchisee shall assume the risk of, and shall relinquish any claim against the City in connection with any final, non-appealable determination by a court of competent jurisdiction that the City lacked the current statutory authority to issue the Franchise.

5.12.280 Bonding.

A. Performance Bond. Within thirty (30) days after written notification of the award of a Franchise by the City Council, the Franchisee shall file with the City a performance bond for the benefit of the City at least in the amount of Fifty Thousand Dollars (\$50,000.00) to be effective upon the execution of the Franchise Agreement and conditioned that in the event that the Franchisee fails to comply with any provision of this Chapter, the Franchise Agreement or other law applicable to the

Franchise, then there shall be recoverable jointly and severally from the principals and surety any and all damages or costs suffered or incurred by the City, including but not limited to attorney's fees and costs of any action or proceeding, and including the full amount of any compensation, indemnification, cost of removal or abandonment of any property or other costs due and owing the City up to the full principal amount of such bond. The performance bond shall be maintained in full as a continuing obligation during the entire term of the Franchise Agreement and thereafter until the Franchisee has satisfied in full any and all obligations to the City which arise out of or pertain to this Chapter and the Franchise Agreement. The performance bond shall be issued by a surety company authorized to do business in the State of Wisconsin and shall be in a form approved by the City Attorney.

1. The performance bond shall contain the following endorsement:

"It is hereby understood and agreed that this bond may not be canceled by the surety nor the intention not to renew be stated by the surety until sixty (60) days after receipt by the City of Altoona, by registered mail, of written notice of such intent to cancel or not to renew."

2. None of the provisions of this Section or Section 5.12.290 ("Security Fund"), nor any damages recovered by the City thereunder, shall be construed to excuse the faithful performance or limit the liability of the Franchisee.

B. Return of Performance Bond. Upon application to the City, the Franchisee shall be entitled to the return of the performance bond at the expiration of the Franchise Agreement, or any renewal thereof provided there is then no outstanding default or moneys due to the City by the Franchisee; provided that, nothing herein shall be read to excuse a Franchisee from its obligation to have a performance bond during the renewal term.

5.12.290 Security Fund.

A. Amount. Within thirty (30) days after written notification of the award of a franchise by the City, the Franchisee shall deposit with the Finance Director of the City, and maintain on deposit throughout the term of the Franchise Agreement, a security fund in the sum of Twenty-Five Thousand Dollars (\$25,000) in cash as security for the faithful performance by the Franchisee of all provisions of this Chapter and the Franchise Agreement and compliance with all orders, permits and directions of any agency or department of the City having jurisdiction over the Franchisee's operations. In lieu of the cash deposit, a Franchisee may provide an irrevocable and unconditional Twenty-Five Thousand Dollar (\$25,000) letter of credit with a local financial institution acceptable to the City, in a form acceptable to the City Attorney. The term "security fund" in this Section means the letter of credit and the cash deposit.

1. Withdrawal of Funds. Within fifteen (15) days after written notice to the Franchisee by the City that the City has withdrawn any amount from the security fund, the Franchisee shall deposit or pay to the Finance Director a sum of money sufficient to restore such security fund to the original amount of Twenty-Five Thousand Dollars (\$25,000), or, in the case of a letter of credit, restore the letter of credit to its full amount.

2. The security fund, including any interest that may have accrued, shall become the property of the City in the event that a Franchise Agreement is terminated by the City by reason of a violation of this Chapter or breach of the Franchise Agreement pursuant to the provisions of Section 5.12.200.

B. Return of Security Fund. Upon application to the City, the Franchisee shall be entitled to the return of all moneys remaining in the cash security fund, including accrued interest, at the expiration of the Franchise Agreement or any renewal thereof, provided there is then no outstanding default or moneys owing on the part of the Franchisee to the City; and further provided that nothing herein shall be read to excuse a Franchisee from its obligation to have a security fund during any renewal term.

C. Rights Reserved. The rights reserved to the City with respect to the security fund are in addition to all other rights of the City, whether reserved by this Chapter or authorized by law, and no action, proceeding or exercise of a right with respect to such security fund shall affect any other right the City may have.

5.12.300 Franchise Fee.

A. Amount. In addition to any other consideration supporting the award of a Franchise by the City, including but not limited to the granting of the privilege to utilize the Rights-of-Way of the City pursuant to this Chapter for the purpose of providing Cable Service, and the Franchise Agreement to construct and operate the System, the Franchisee shall pay to the City an amount equal to four percent (4%) of Gross Revenues.

B. Payment of Franchise Fee. Payments due the City under this Section shall be computed quarterly, for the preceding calendar quarter. Each quarterly payment shall be due and payable no later than forty-five (45) days after the applicable computation date. Each payment shall be accompanied by a financial statement showing in detail the Gross Revenues of the Franchisee relating to the relevant calendar quarter as well as any other report required by Chapter 5.12.180.

C. Accord and Satisfaction. No acceptance of any payment of franchise fees shall be construed as an accord that the amount paid is in fact the correct amount, nor shall such acceptance of payment be construed as a release of any claim the City may have for further or additional sums due and payable. The City or its designate, upon the giving of reasonable advance notice, shall have a right to audit, during the Normal Business Hours of Franchisee, all financial records of Franchisee reasonably necessary to the determination of whether Gross Revenues and Franchise fees have been accurately computed and paid. In the event an audit results in additional moneys owed the City, interest shall be charged at the rate of one percent (1%) per month on the unpaid balance. If Franchisee claims that a particular item of revenue is not included within the scope of the term "Gross Revenues" relevant records of the Franchisee shall be provided to the City in support of its claim of non-inclusion without prejudice to any claim the Franchisee may have that a Franchise fee is not owed on such revenue. A Franchisee may withhold revenue records for items that it claims are not "Gross Revenues" so long as the Franchisee (i) provides a certified statement describing the nature of the revenues contained in the records withheld and (ii) agrees, in its Franchise Agreement, to pay all costs, including attorney fees, that the City incurs should the City seek production of the records and the contested items are determined to constitute "Gross Revenues." Each Franchisee shall be required, in accordance with the terms of its Franchise, to pay for any audit where the audit shows the Franchisee underpaid the Franchise fee due to the City by four percent (4%) or more.

D. Not Franchise Fees. The payment required pursuant to this Section shall be in addition to and not in lieu of 1) any other tax, fee or assessment of general applicability (including any such tax, fee or assignment imposed on both utilities and Cable Operators or their services but not including a tax, fee, or assessment which is unduly discriminatory against Cable Operator or cable Subscribers); 2) capital costs which may be required by a Franchise to be incurred by the Franchisee for PEG access facilities; and requirements; or 3) charges incidental to the awarding or enforcing of the Franchise, including payments for bonds, security funds, letters of credit, insurance, indemnification penalties, on liquidated damages.

5.12.310 Rights Reserved to the City.

A. City's Rights. Without limitation upon the rights which the City might otherwise have, every Franchise issued shall be deemed to expressly reserve to the City the following rights, powers and authorities, whether expressly set forth in the Franchise or not;

1. To exercise its governmental powers now or hereafter to the full extent that such powers may be vested in or granted to the City.

2. To determine any question of fact relating to the meaning, terms, obligations or other aspects of this Chapter and the Franchise Agreement, subject to applicable judicial review.

3. To inspect all construction or installation work performed by the Franchisee, and to supervise all construction in the public Rights-of-Way or on other City property.

B. Eminent Domain. Nothing in this Chapter shall be deemed or construed to impair or affect the right of the City to exercise its power of eminent domain to acquire the property of the Franchisee for just compensation.

C. Use of Poles. The City reserves the right, during the term of the Franchise Agreement, to install and utilize, upon the poles owned or jointly owned by the Franchisee, any wire or pole fixtures required for municipal purposes, without pole attachment cost to the City so long as any make-ready or

other preparation cost is borne by the City and such installation and utilization does not unduly interfere with the operation of the System.

5.12.320 Equal Employment Opportunity.

A. Nondiscrimination. A Franchisee shall not deny service, access or otherwise discriminate against Subscribers, Users or any resident of the City. In this regard, each Franchisee shall comply with the human relations provisions of this Ordinance incorporated herein by this reference. The Franchisee shall strictly adhere to the equal employment opportunity requirements of the FCC. The Franchisee shall comply at all times with all other applicable federal, state and City laws, rules and regulations, and all executive and administrative orders relating to nondiscrimination.

B. Equal Opportunity.

1. A Franchisee shall define the responsibility of each level of management to ensure positive applications of the policy of equal opportunity, making all reasonable efforts to assure employment at the higher and mid-management levels for Minority Persons. The Franchisee shall conduct a continuing review of employment structures and employment practices and adopt positive recruitment policies, on-the-job training, job design and other measures needed to assure genuine equality of opportunity.

2. Each Franchisee shall abide by the following general employment practices:

b. Maintaining systematic contacts with media advocacy groups, Minority and human relations organizations, leaders, spokespersons and other appropriate recruitment sources within the City to make it known that qualified Minority Persons sensitive to the needs of the Minority community are being sought for consideration whenever the Franchisee prepares to hire employees so as to assure nondiscrimination in selection for employment.

c. Instructing Personally those on the Franchisee's staff who make hiring decisions that Applicants for all jobs are to be considered without discrimination in accordance with the provisions of this Section.

d. Making all reasonable efforts to avoid the use of selection techniques or tests that have the effect of discriminating against Minority Persons.

1. Any Person submitting a Proposal for a Franchise shall provide all information required by this Chapter and all other information as may be solicited in the City's request for Proposals or as otherwise required by the City. Any misrepresentation, failure, neglect or refusal to provide any required information may at the option of the City render a Proposal invalid and result in the Proposal being given no consideration. The requested information shall be complete and verified as true by the Applicant. Every Proposal shall be submitted as an offer, so that the City may incorporate the Proposal into a Franchise Agreement by reference and may condition the award of any Franchise upon the incorporation of the Proposal into the Franchise Agreement.

2. All Proposals received by the City from the Applicants shall become the sole property of the City.

3. The City reserves the right to reject any and all Proposals and to waive all informalities where the best interest of the City may be served.

4. Before submitting a Proposal, each Applicant shall be solely responsible for and shall: (a) examine this Chapter and the request for Proposal documents thoroughly; (b) be familiar with local conditions that may in any manner affect performance under the Franchise, including but not limited to relevant demographics, topographies, pole attachment policies of appropriate utility authorities, undergrounding, and Subscriber and User desires; (c) be familiar with federal, state and local laws, ordinances, rules and regulations affecting performance under the Franchise; and (d) carefully correlate all observations with the requirements of this Chapter and the Request for Proposals documents.

5. The City may make such investigations as it deems necessary to determine the ability of the

Applicant to perform under the Franchise Agreement, and the Applicant shall furnish to the City all information for such purpose as the City may request. The City reserves the right to reject any Proposal if the evidence submitted by or investigation of such Applicant fails to satisfy the City that such Applicant is properly qualified to carry out the obligations of the Franchise Agreement, comply with the provisions of this Chapter, or to satisfactorily construct and operate the System. Conditional Proposals shall not be accepted.

B. Proposal Evaluation. The City Council shall approve or disapprove the Application, and it shall make a written record supporting its decision. In evaluating an application for a Franchise, the City may consider the following factors:

1. The extent to which the Applicant has substantially complied with the Applicable Law;
2. Whether the quality of the Applicant's service, including signal quality, response to Customer complaints, billing practices and the like has been reasonable in light of the needs and interests of the communities served;
3. Whether the Applicant has the financial, technical, and legal qualifications to hold a cable Franchise, which qualifications require that the Applicant can be relied upon to perform as promised and in accordance with Applicable Law;
4. Whether the application satisfies requirements established by the City under this Chapter or in a request for Proposals ("RFP") or is otherwise reasonable to meet the future cable-related needs and interests of the community, taking into account the cost of meeting such needs and interests;
5. Whether, to the extent not required as part of this Chapter, the Applicant will provide adequate public, educational, and governmental use capacity, facilities, or financial support thereof;
6. Whether issuance of a Franchise is in the public interest considering the immediate and future effect on the public Right-of-Way and private property that would be used by the Cable System, including the extent to which installation or maintenance as planned would require replacement of property or involve disruption of property, public services, or use of the public Rights-of-Way; and the comparative superiority or inferiority of competing applications.

C. Issuance of a Franchise.

1. If the City finds that it is in the public interest to issue a Franchise considering the factors set forth in this Section, the City may, by Ordinance or Resolution, adopt a Franchise Agreement setting forth the terms and conditions of the Franchise, which Franchise shall become effective upon satisfaction of conditions precedent to effectiveness, and when signed and accepted by the Applicant. If the City denies a Franchise, it shall issue a written explanation of the denial, which may be in any appropriate form. Without limiting its authority to deny an application for a Franchise, the City specifically reserves the right to reject any application that is incomplete or fails to respond to an RFP. Nothing in this Chapter shall be construed in any way to limit the discretion and legislative authority of the City Council in making decisions relative to the granting, denial, or renewal of a Franchise.

2. Notwithstanding the provisions of this Chapter, to the extent required by federal law, requests for cable Franchise renewal under the Cable Act shall be received and reviewed in a manner consistent with 47 U.S.C. §546, or successor statute, and every provision of this Chapter shall be interpreted in a manner consistent therewith.

D. Application Fees.

1. Notwithstanding any other requirement of this Chapter, each Applicant for an initial Franchise shall furnish with its Proposal a nonrefundable filing fee in the amount of Seven Thousand Five Hundred Dollars (\$7,500) by certified or cashiers check made payable to the City of Altoona. No Proposal for a Franchise shall be considered without receipt of such check.

2. All checks received shall be deposited to an account of the City and shall serve to recover all expenses incurred by the City in the preparation and granting of the Franchise, the execution of the Franchise Agreement and regulation of the Franchisee pursuant to this Chapter. Such expenses shall include but not be limited to any and all publication costs, consultant's expenses and the reasonable value of services performed by the City's employees, agents or contractors.

3. In the event that expenses exceed the total amount of filing fees collected from the applicants, the Applicant awarded the Franchise shall pay to the City (pro rata in the event more than one (1)

Applicant is awarded a Franchise) the excess amount, not to exceed a total of Twenty Thousand Dollars (\$20,000) within sixty (60) days of demand by the City.

E. Decision Final. The decision of the City Council concerning Franchisee selection shall be final.

5.12.340 Theft of Service and Tampering.

It shall be unlawful for any Person, without the express consent of the Franchisee, to make any connection or attachment, extension or division, whether physically, acoustically, inductively, electronically or otherwise with or to any segment of the Cable System for the purpose of receiving or redistributing service where the Person has not paid for it. Nothing in this Section shall be read to prohibit a Subscriber to Cable Service to lawfully utilize Subscriber-owned equipment in the enjoyment of such service.

5.12.360 Penalties.

All penalties and remedies shall be cumulative, and the imposition of one penalty or remedy shall not prevent the imposition of any other penalty or remedy provided for.

5.12.361 Severability.

If any provision, section, paragraph, sentence, clause or phrase of this Chapter is for any reason held to be invalid or unconstitutional, such invalidity or unconstitutionality shall not affect the validity of the remaining portions of this Chapter. It is the intent of the City in adopting this Chapter that no portion or provision thereof shall become inoperative or fail by reason of any invalidity or unconstitutionality of any other portion or provision, and to this end all provisions of this Chapter are declared to be several. (Ord. 12D-00, 2000). (Existing Chapters 5.12 and 5.14 were repealed and replaced with revised Chapter 5.12 – Ord. 12D-00)

This chapter shall be known and may be cited as the “Cable Communications Regulatory Ordinance.” (Ord. 12D-00).

WHEREAS, Marcus Cable Partners, L.L.C., d/b/a Charter Communications (hereafter “Franchisee”), has asked City of Altoona, Wisconsin (hereafter “City”), to issue a nonexclusive Franchise to provide cable television and other services within City.

WHEREAS, City has conducted proceedings in which Franchisee has participated to identify the future cable-related needs and interests of the community; to consider the financial, technical, and legal qualifications of Franchisee; and to determine whether Franchisee’s plans for constructing and operating its Cable System are reasonable; and

WHEREAS, based in part upon Franchisee’s representatives and information, City has determined that, subject to the terms and conditions set forth herein, issuance of a nonexclusive Franchise to Franchisee is consistent with the public interest; and

WHEREAS, City is willing to issue such a nonexclusive Franchise conditioned on Franchisee’s acceptance of the terms and conditions thereof; and

WHEREAS, Franchisee is willing to accept the Franchise subject to its terms and conditions and to abide by those terms and conditions.

NOW THEREFORE, in consideration of the mutual promises made herein and other good and

valuable consideration, the receipt and the adequacy of which is hereby acknowledged, the parties agree as follows:

5.14.010 Definitions; Interpretation.

Except as otherwise provided herein, the definitions and provisions governing the interpretation of terms as contained in the Cable Ordinance shall govern this Franchise Agreement. Where this Franchise Agreement makes a citation to a section, subsection, paragraph, subparagraph, or sub-subparagraph, unless the context clearly requires otherwise, the reference shall refer to the section, subsection, paragraph, subparagraph or sub-subparagraph contained in this Franchise Agreement.

a. Books and Records. Any recorded information relating to the Cable System or its management, including, but not limited to information regarding its construction, operation or repair, in whatever form stored, including, but not limited to computerized records and programs, paper records, and video or audio-taped records.

b. Cable Ordinance. The City of Altoona Cable Communications Regulatory Ordinance as amended from time to time.

c. Cable System. Defined in the Cable Ordinance, except that as used herein, it specifically refers to Franchisee’s Cable System. The term is used to refer to the Cable System as a whole, or to any part of the Cable System, including equipment or facilities appurtenant thereto, such as, by way of example and not limitation, equipment cabinets.

d. City. The City of Altoona, located in Eau Claire County, Wisconsin, including areas added by annexations and excluding areas deleted by detachments subject to density requirements provided in the Cable Ordinance.

e. City Administrator. References to the City Administrator include the City Administrator or any City employee designated by the City Administrator to perform any of the City functions pursuant to this Franchise Agreement.

f. Construction, Operation, or Repair. These and similar formulations of those terms refer to the named actions interpreted broadly, encompassing, among other things, installation, extension, maintenance, replacement of components, relocation, undergrounding, grading, site preparation, adjusting, testing, make-ready excavation, and tree trimming.

g. Director of Public Works. The term shall mean the person designated by the City as Director of Public Works and the designee of such person.

h. Effective Date. The date upon which this Franchise Agreement becomes effective, December 21, 2000.

i. Franchise. All rights, powers, obligations, duties and responsibilities conferred or imposed upon Franchisee by the Franchise Agreement, Cable Ordinance, law, rule or regulation.

j. Franchisee. Marcus Cable Partners, L.L.C. and its lawful and permitted successors and assigns.

k. Franchise Agreement. This contract and any amendments, exhibits, or appendices hereto.

l. Franchise Area. The area within the City within which the Franchisee is authorized by this

Franchise Agreement to operate its Cable System. The Franchise Area shall be presumed to be the corporate limits of the City except where otherwise expressly provided in this Franchise Agreement.

m. MDU Rates. Refers to those Subscriber and user rates, fees and charges for cable services and products that are applied to or imposed upon multiple-family dwelling units.

5.14.020 Grant of Authority; Term Limits and Reservations.

a. Grant of Authority, Term. City hereby grants to Franchisee, subject to the terms and conditions of this Franchise Agreement, the non-exclusive right, privilege, and authority to construct, operate and repair a Cable System within the City limits of Altoona as the same may be modified from time to time to provide Cable Services. The Franchise shall remain in effect from the Effective Date for a period of approximately fifteen (15) years to and through _____, unless otherwise terminated by action of City.

b. Scope of Franchise. The Franchise is intended to convey limited rights and interests only as to those City rights-of-way in which City has an actual interest. The Franchise is not a warranty of title or interest in any right-of-way. The Franchise does not provide Franchisee any interest in any particular location within the right-of-way; and it does not confer rights other than as expressly provided in the grant. The Franchise does not deprive City of any powers, rights, or privileges it now has or may later acquire in the future to use, perform work on, or to regulate the use of, and to control City's right-of-way, including without limitation the right to perform work on its roadway, right-of-way or appurtenant facilities, including but not limited to constructing, altering, removing, paving, widening, grading, or excavating. The City will give Franchisee ninety-six (96) hours notice of any excavating which is likely to damage Franchisee's lines and appurtenances so that Franchisee may protect its lines and appurtenances from any City work except in cases of emergency affecting, or potentially affecting, the health and/or safety of City residents.

c. Exercise of Authority under Franchise. This Franchise only authorizes Franchisee to engage in Cable Service, as that term is defined in the Cable Act. Neither this Franchise Agreement nor the grant of the Franchise shall be interpreted to prevent the City from imposing additional conditions, including compensation conditions for use of the rights of way of the City should Franchisee provide services other than Cable Services consistent with applicable laws. However, this Franchise Agreement shall not be read as a concession by Franchisee that it needs authorization to provide services other than Cable Services.

d. Franchise Not Exclusive. The right to use and occupy the public Rights-of-Way is not exclusive and does not explicitly or implicitly preclude the issuance of other Franchises to construct, operate, or repair Cable Systems within City; or affect City's right to use or authorize the use of any of its public Rights-of-Way or other property by other persons as City determines appropriate; or affect the City's right to authorize itself or to permit any other governmental entity to provide Cable Service without a Franchise.

e. System Authorizations. In the event that the City issues a Cable Service Franchise to a third party cable operator for the purpose of operating a Cable System in the public Rights-of-Way, the material terms of such Franchise Agreement, shall not be more favorable or less burdensome than the Franchise issued to Franchisee hereunder in cases where the City has clear legal authority to impose such terms and conditions. The City is not required to undertake any litigation to secure Franchisee's rights under this section. This provision shall only apply to Cable Systems where the City has franchising rights.

f. Construction of Franchise Agreement. The provisions of this Franchise Agreement shall be liberally construed to promote the public interest.

g. Relation to Other Provisions of Law. This Franchise Agreement and all rights and privileges granted under the Franchise are subject to, and the Franchise shall exercise all rights granted to it in accordance with applicable law, including the Cable Ordinance, as currently existing and as may be amended over the Franchise term. This Franchise agreement is a contract, subject only to the City's exercise of its police and other powers and applicable law. This Franchise Agreement does not confer rights or immunities upon the Franchisee other than as expressly provided herein. Subject to the exercise of the City's police and other powers, in the case of any conflict between the express terms of this

Franchise Agreement and the express terms of the Cable Ordinance, this Franchise Agreement shall govern. Franchisee shall not waive its rights to challenge the lawfulness of a particular enactment, including on the grounds that a particular action is an unconstitutional impairment of contractual rights. The Franchise issued and the Franchise fee paid hereunder are not in lieu of any other required permit, authorization, fee, charge or tax, unless expressly stated herein.

h. Relation to Prior Franchise. As of the Effective Date, any Franchise previously held by Franchisee is superseded and of no further force and effect. Notwithstanding, Franchisee promises to pay all amounts owed City and Subscribers under its prior Franchise for which claims are made within any applicable statute of limitations. Franchisee hereby indemnifies and holds City harmless against any claims, damages, or costs arising as a result of Franchisee's acts and omissions under the prior Franchise.

i. Effect of Grant. By granting this Franchise, City acknowledges and agrees that it has the authority to issue this Franchise and did so pursuant to processes and procedures consistent with applicable law, and that it will not raise any claim to the contrary.

j. Effect of Acceptance. By accepting the Franchise, Franchisee: (1) acknowledges and accepts City's legal right to issue and enforce the Franchise; and (2) accepts and agrees to comply with each and every provision of this Franchise Agreement and the Cable Ordinance subject to Subsection 2 (f) as to amendments.

k. Franchisee Bears Its Own Costs. Unless otherwise expressly provided by applicable law or in this Franchise Agreement, all acts that Franchisee is required to perform shall be performed at Franchisee's own expense.

l. No Waiver. The failure of City or Franchisee on one or more occasions to exercise a right or to require compliance or performance under this Franchise Agreement, the Cable Ordinance, or any other applicable law shall not be deemed to constitute a waiver of such right or a waiver of compliance or performance, unless such right has been specifically waived in writing. Any waiver of a breach is not a waiver of any other breach, whether similar to or different from that waived.

m. Limitation on Liability. Any claim brought by Franchisee against the City, its officials, employees or agents shall be subject to the limitations on liability pursuant to 47 U.S.C. Section 555(a).

5.14.030 Effect of Changes in Law.

a. Severability. In the event that a court or agency or legislature of competent jurisdiction acts or declares any nonmaterial provision of this Franchise Agreement is unenforceable according to its terms or otherwise void, said provision shall be considered a separate, distinct, and independent part of this Franchise Agreement, and such holding shall not affect the validity and enforceability of all other provisions hereof. In the event that a court or agency or legislature of competent and controlling jurisdiction acts or declares any material provision of this Franchise Agreement is unenforceable according to its terms, or is otherwise void, the parties agree to immediately enter into negotiations in good faith to restore the relative burdens and benefits of this Franchise Agreement, consistent with applicable law. If the parties are unable to agree to a modification of this Franchise Agreement within sixty (60) days, either party may resort to litigation. Each party agrees to participate in up to sixteen (16) hours of negotiation during the sixty (60) day period. Notwithstanding the foregoing, if a party believes a provision is not material, it shall commence an action challenging the materiality within fourteen (14) days of a request by the other party that it enter into negotiations. The remedies provided for herein do not prevent a party from contending that a particular provision is enforceable, or foreclose any remedies if a provision is enforceable.

b. Effect of change in Law. In the event that state or federal laws, rules, or regulations preempt a provision or limit the enforceability of a provision of this Franchise Agreement, then, subject to each parties' rights under Subsection 3 (a), the provision shall be deemed to be preempted, but only to the extent and for the time required by law. In the event such state or federal law, rule, or regulation is subsequently repealed, rescinded, amended, voided, or otherwise changed so that the provision hereof that had been preempted is no longer preempted, such provision shall thereupon return to full force and effect and shall thereafter be binding on the parties hereto, without the requirement of further action on the part of either party.

5.14.040 Transfers.

The Franchise may not be transferred, assigned, sublet or subdivided in any way or through any mechanism without the express prior permission of City granted by the enactment of a resolution or ordinance, except as may otherwise be provided under the Cable Ordinance or applicable law. It shall be a violation of this Franchise Agreement to extend the benefits of this Franchise to any cable operator or to any Cable System that is operating within the City but which has not obtained a Franchise from the City, and Franchisee agrees that it will not enter into any transaction that would have such an effect.

5.14.050 Franchise Fee.

a. Payment to City. As part of the financial compensation for use of public rights-of-way for the offering of Cable Services, Franchisee and its affiliates shall pay City a Franchise fee in an amount equal to five (5) percent of Gross Revenues as defined in the Cable Ordinance as of the Effective Date of this Franchise Agreement. (Ord. 4C-02).

b. Not in Lieu of Any Other Assessments, Tax or Fee. The Franchise fee is in addition to all other fees, assessments, taxes or payments that Franchisee may be required to pay under any federal, state, or local law, subject to an limitations set forth in 47 U.S.C. ss542 or successor statute.

c. Payments. Franchise fees shall be paid quarterly in accordance with the Cable Ordinance. In the event that a Franchise fee payment or other sum due is not received by the City on or before the date due, or is underpaid, Franchisee shall pay in addition to the payment, or sum due, interest from the due date at an annual rate equal to the maximum rate permitted under Wisconsin law, or 12% if no such rate is legally specified, compounded daily.

d. No Accord or Satisfaction. No acceptance of any payment by City shall be construed as a release or an accord and satisfaction of any claim City may have for further or additional sums payable as a Franchise fee under the Cable Ordinance or for the performance of any other obligation of Franchisee.

e. Payment on Termination. If the Franchise terminates for any reason, Franchisee shall file with the City Administrator within ninety (90) calendar days of the date of the termination, a financial statement certified by an independent certified public accountant, showing the Gross Revenues received by Franchisee since the end of the previous fiscal year. The City reserves the right to satisfy any remaining financial obligations of Franchisee to City by utilizing the funds available in any security fund or other security provided by Franchisee, subject to the procedures required by Sections 8 and 9.

f. Disputes. The City shall have the right to audit the books and records of Franchisee to determine whether the Franchisee has paid the Franchise fees owed. If there is a dispute as to whether a particular item of revenue is within the scope of the term "gross revenues," and Franchisee withholds revenue records on the ground that the revenues are not subject to the Franchise fee, Franchisee agrees that it shall provide a certified statement describing the nature of the revenues contained in the records withheld.

5.14.060 Notices.

7. For all other violations of this Franchise Agreement or of the Cable Ordinance for which actual damages may not be ascertainable: \$100 per day for each violation for each day the violation continues; and

8. For any violation of any federal, state, or local safety code requirement, \$100 per day for each day the violation continues.

b. Imposition of damages. City shall comply with the cable Ordinance when imposing penalties or damages pursuant to this Section 9 of this Franchise Agreement. If a violation has been cured by Franchisee, liquidated damages shall only apply if the City finds that the violation:

1. Involves a customer service standard that is measured based upon aggregate performance (this does not limit the applicability of pars. (2), (4), and (5) to other customer service violations); or

2. Involves willful or reckless acts or omissions; or

3. Involves violation of transfer provisions or failure to complete construction or commence operations; or

4. Involves a repeat of the specific violation; or

5. Is part of a class or pattern of violations where the Franchisee had reason to know the class or pattern of violations existed and failed to take the actions necessary to correct the class or pattern of violations or prevent the violations from recurring. Nothing herein shall prevent the City and Franchisee from agreeing to waive damages.

c. Deposits, Refunds, and Credits.

1. On all deposits, Franchisee shall be required to pay simple interest at a rate of ½% per month (6% per year). Such interest shall be accrued and payable upon termination of service. Upon termination of service for any reason, Subscribers shall be entitled to receive a refund or credit against amounts owed Franchisee equal to the deposit plus accumulated interest. The rate may be modified to reflect prevailing market interest rates upon approval by the City which shall not be unreasonably withheld. Such interest shall be accrued on deposits charged to Subscribers after the effective date of the franchise.

2. Refund checks shall be issued within thirty (30) days following the resolution of the event giving rise to the refund. In addition to a refund, if Franchisee fails to mail a check for a refund to any Subscriber disconnecting service with an outstanding credit of \$3.00 or more within thirty (30) days of the date service is ended, and the Subscriber has returned all Franchisee-owned equipment, the Subscriber shall receive from Franchisee a \$10.00 penalty payment, in addition to the total refund due. Failure to comply with the \$10.00 penalty provision shall be grounds for appropriate enforcement actions by the City.

3. Under Normal Operating Conditions, if Franchisee does not arrive for installations or service calls by appointment within the scheduled appointment window the Person may request within thirty (30) days of the missed appointment and is entitled to receive a \$20.00 credit for missed service call appointments or a free installation for missed installation appointments.

5.14.100 Relationship of Remedies.

Without limitation, recovery of amounts under the insurance, indemnity or liquidated damages provisions of this Franchise Agreement shall not be construed as any of the following: an election of remedies; a limit on the liability of Franchisee under the Franchise for damages or otherwise; or an excuse of faithful performance by Franchisee.

5.14.110 Non-Discrimination in the Provision of Service.

a. Franchisee shall comply with all applicable local, state and federal laws and regulations prohibiting discrimination, and any and all other laws and regulations prohibiting discrimination in the provision of cable service or employment. Franchisee shall maintain records and information necessary to document Franchisee's compliance with these provisions.

b. Franchisee is specifically prohibited from discriminating among persons or taking any

retaliatory action against a person because of that person's exercise of any right the person may have under federal, state, or local law, nor may Franchisee require a person to waive such rights as a condition of taking service.

c. Franchisee is specifically prohibited from denying access or levying different rates and charges on any group of potential residential Subscribers because of the income of the residents of the local area in which such group resides.

d. To the extent City may enforce such a requirement, Franchisee is specifically prohibited from discriminating in its rates or charges, except as is otherwise permitted by this Franchise Agreement or the Cable Ordinance, to any Subscriber, potential Subscriber, or group of Subscribers or potential Subscribers. Franchisee may, however, offer temporary, bona fide promotional discounts in order to attract or maintain Subscribers, so long as such discounts are offered on a non-discriminatory basis to similarly situated persons throughout the Franchise area; and Franchisee may offer special discounted rates for the basic and other regulated service tiers to economically disadvantaged Subscribers and such other discounts as it is expressly entitled to provide under federal law, if such discounts are applied in a uniform and consistent manner. Franchisee shall at all times comply with FCC regulations at 47 C.F.R. ss76.984 regarding geographically uniform rates.

5.14.120 Rates.

a. Rates and Charges Regulated. The City may regulate Franchisee's rates and charges except to the extent the City is prohibited from doing so by applicable law. The term "regulate" means City may act to the extent that it is not prohibited under applicable law in order to protect the public from unreasonable or discriminatory rates and charges, including but not limited to ordering refunds for overcharges and adopting regulations as appropriate to further implement its authority to regulate rates.

b. Manner of Regulation. Without limiting the foregoing, and except as inconsistent with applicable law:

1. The City may require Franchisee to submit to City for review and approval the rates in effect on the date the Franchise was issued.

2. Franchisee may not change a rate or charge that is subject to City's regulation without City's prior approval, except as applicable law otherwise provides.

c. Rate Schedules. On the Effective Date, the Franchisee shall file with the City an up-to-date rate schedule of all Subscriber and user rates, fees, and charges for all Cable Services and products provided, which schedule shall be on file in the office of the City Clerk at all times, and which schedule shall be updated any time there is a change in the rate schedule. Franchisee shall file any revised rate schedule with the City Administrator in accordance with the requirements of the Cable Ordinance.

d. Annual Reports. Upon request, on or before March 31 of each year during the term of the Franchise Agreement, the Franchisee shall submit a written report to the City. The report shall be submitted in accordance with mutually agreed upon forms prepared by the City after providing a period for notice and comment on the forms. Until such forms are prepared after notice and opportunity for comment, the annual reports shall be prepared in accordance with the general business practices of a Franchisee and shall contain at least the following information regarding the previous calendar year.

1. A summary of activities in the development of the System applicable to the City, including but not limited to services begun or discontinued, total number of Subscribers, homes passed, all per the provisions of this chapter and the Franchise Agreement.

2. A list of all complaints received and System downtime experienced which are applicable to the City during the reporting period. All such submitted data shall include complaint disposition and response time.

3. A summary by category of complaints referenced in item #2, identifying the number and nature of complaints and their dispositions.

4. A fully audited revenue report which details by category all revenues applicable to the operation of the cable system within the City.

5. A list of officers and members of the board of directors of the Franchisee and its parents.

6. A list of stockholders holding five percent (5%) or more of the voting stock of the Franchisee

or its parents.

7. A copy of the Franchisee's annual report and those of its parents and subsidiaries provided said report is prepared in the normal course of business by Franchisee and/or its parents and subsidiaries.

8. A copy of the franchisee's annual report provided said report is prepared in the normal course of business by Franchisee.

9. A full schedule of all Subscriber and User rates, fees and charges for all Cable Services provided.

10. A copy of Subscriber and User agreements used by the Franchisee; provided that, when it provides the information required by 8 and 9 above, a Franchisee need not include proprietary MDU Rates and agreements.

A copy of updated maps depicting the location of all cable plant to standard scale and with appropriate tick marks as mutually agreed. These maps shall be accompanied by a digital copy in a mutually agreed upon format and medium. The maps shall depict the location of plant as-built.

A report showing compliance with the requirements regarding telephone calls specified in the Customer service standards.

The percentage of time that Service Interruptions were cured within thirty-six (36) hours, the average time from notice that a problem existed to final cure, and the percentage of time that other service calls were resolved within ninety-six (96) hours.

The percentage of time standard and non-standard installations were completed within the time required by Sections 5.12.090 and 5.12.160.

The total number of complaints received for the quarter, and the number of complaints by type of complaint, and complaints received as a percentage of basic Subscribers.

The total number of outages, divided into planned and unplanned outages, and showing the total duration of outages. An outage is defined as a loss of audio or video or impairment of audio or video affecting more than five (5) Subscribers.

A list of all services offered by the Franchisee; provided that, after the initial filing, subsequent filings need only identify new services and changes in services offered.

e. Annual Surveys. In addition to providing such other information as may be requested above, the Franchisee shall, upon request, annually provide an opinion survey which identifies Subscriber programming preference in the City.

f. Reports to Others. The Franchisee shall file promptly with the City a copy of any document the Franchisee files with the FCC, the Securities and Exchange Commission, or any other regulatory agency with jurisdiction pertaining to the System. To the extent that such documents contain, to the satisfaction of the City Administrator, the information required by other reports hereunder, the City Administrator may suspend the requirements to file such other reports with the City so as to avoid duplication and unnecessary cost. Alternatively, a Franchisee may comply with this section by providing the City with a list and short description of the documents it files with such agencies, and providing copies of the documents upon request. Such list shall be kept current.

g. Material Misrepresentations. Any material misrepresentation made by the Franchisee in any report required by this section shall subject the Franchisee to the penalty provisions of this chapter and shall subject the Franchisee to all remedies available to the City by law.

h. Access to Books and Records.

1. The City may inspect and copy books and records of the Franchisee that are reasonably necessary to the enforcement of any provision of this ordinance, the franchise agreement; to the conduct of performance evaluation sessions; or to the exercise of any authority that the City may have under the same or any other provision of Applicable Law. Without limiting the foregoing, a Franchisee shall provide the City access to complaint data to enable the City to fully investigate Subscriber complaints. Books and records shall be produced to the City for inspection at the Franchisee's local office or at such other mutually agreed upon location within the City. Provided, however, that nothing in this chapter shall be read to require the Franchisee to violate any provision of federal or state law relating to Customer privacy. Information requested shall be made available for inspection within fourteen (14) business days of a request therefore, which period shall be subject to extension for good cause shown where no harm

will result to the public interest from the delay.

5.14.130 Subscriber Service.

a. Franchisee agrees that it will provide broad categories of Cable Service responsive to the needs and interests of the community throughout the Franchise term.

b. Franchisee will extend service to Subscribers and potential Subscribers and to the City in accordance with the requirements of the Cable Ordinance. Provided, however, Franchisee is not required to extend its Cable System into any area that is served by another cable operator of a Cable System.

c. Franchisee shall satisfy federal, state and local customer service standards and consumer protection laws, as amended during the Franchise term.

5.14.135 Cable System Design.

It is the intent of the City that the Cable System provide the broadest range of services possible. The requirements stated in this section are intended only as minimum specifications for the Cable System and final determination of Cable System design for Franchisees shall be made through the initial licensing or renewal process. The City may increase or otherwise alter the requirements in a Request for Proposals for a franchise. Applicants for a franchise are strongly encouraged to offer the City, through the Proposal process, the broadest range of services, facilities, equipment, technical assistance and other related considerations as are technologically and economically feasible. Neither the specifications of the minimums in subsections A through J nor the final terms of a Franchise Agreement shall be interpreted to waive any rights or obligations of the Franchisee or the City under 47 U.S.C. § 546 or successor statute.

A. Channel Capacity. The Franchisee shall construct, at a minimum, a System that provides a minimum capacity of 750 MHz and that is designed in a way so that it can deliver the channels in a manner reasonably responsive to Customer demand. The System shall be designed so that the number of channels may be increased as supply and demand for additional channel utilization exceeds the number initially activated and so that the capacity of the Cable System may be increased without substantial reconstruction of the Cable System.

B. System Configuration. The Franchisee shall design and construct the System in such a manner as to provide maximum utilization flexibility for both Subscribers and Users.

C. Emergency Override. Except as inconsistent with FCC regulations, the System shall include an emergency alert capability which shall permit the City Administrator to override the audio on all television channels simultaneously, in the case of public emergencies as determined by the City Administrator or Director of Emergency Services. The Franchisee shall also designate a video channel to be used for emergency broadcasts, which designation shall be included in the Franchise Agreement.

D. Standby Power. The Franchisee shall maintain in constant readiness equipment capable of providing standby power for the Cable System consistent with sound engineering practices and compatible with the Franchisee's System design.

1. Such equipment shall be constructed so as to revert automatically to a standby mode when alternating current power returns.

2. Franchisee shall comply with all utility and other safety regulations to prevent the standby power supply from powering a "dead" utility line so as to prevent injury to any Person.

E. Two-Way Capability. Maximum two-way interactive service capability as reasonably justified in light of the needs and interests of the community and the costs thereof, considering project advances in technology, shall be designed into the System at its inception.

F. PEG Channels.

1. In addition to the other services proposed by applicants, the City shall place significant emphasis on the provision of PEG channels, facilities and related considerations. Such areas include but are not limited to the following: channel(s) for government usage, education usage (public and nonprofit schools, colleges and universities), public access, and local origination. Applicants for a franchise are strongly encouraged to investigate the needs and desires of potential Users and to offer such community services as are technologically and economically feasible. Both internal institutional communications and connection to Subscribers is encouraged where appropriate.

2. The Franchisee shall not take any actions that would discourage or prevent maximum utilization of all PEG channels provided, and shall cooperate with the City and managers of PEG channels to ensure that Subscribers are aware of the channels, can access them easily, and, to the extent that a Franchisee (or some entity acting on a Franchisee's behalf) is involved in publicizing Franchisee's other channels or channel schedules, that the PEG channels and channel schedules are similarly publicized.

G. Facilities and Management. In regard to the community service provisions referred to in this section, applicants are strongly encouraged to consider and provide studio facilities, production equipment, technical assistance and other facilities and equipment to enable the City and its residents to fully utilize the Cable System as not only an entertainment medium, but as an intra community communications and education medium. Such services, facilities, production equipment, origination points, hours of availability where appropriate, costs and all other necessary information relating to community service shall be as proposed by applicants and as provided for in the Franchise Agreement. Specific operational details and responsibilities, including the City's right to designate management organizations to operate various community service channels and facilities (a right specifically reserved herein by the City), shall be provided for in the Franchise Agreement and by separate agreement between the Franchisee, the City and any management organizations designated by the City for this purpose.

H. Public Use Connections. At a minimum, the Franchisee shall offer to provide, without charge, one (1) Drop and one (1) outlet of Basic Cable Service and Cable Programming Service to the ground block of each public, private and parochial school, nonprofit college and university and each fire station, police station, public library branch, City neighborhood community centers, (excluding public spaces in such community centers) and such other facilities used primarily for municipal purposes which are within three hundred (300) feet of the existing System as may be designated by the City. A Franchise Agreement may specify the particular conditions under which the outlets will be provided.

I. Reception. The Cable System shall be capable of and shall produce a picture which meets all applicable FCC technical standards. This required that equipment be installed at the headend to allow the Franchisee to receive or cablecast signals in substantially the form received, without substantial alteration or deterioration (for example, the headend should include equipment that will transmit color video signals received at the headend in color). Equipment shall be installed so that all closed captioning programming received by the Cable System shall include the closed caption signal so long as the closed captioned signal is provided consistent with FCC standards. Equipment shall be installed so that all local signals received in stereo or with secondary audio tracks (broadcast and PEG) are retransmitted in those same formats.

5.14.140 System Upgrade.

a. System Design.

1. General system design. Franchisee has determined that an appropriate design plan for the Cable system in the City will include the following requirements, which Franchisee will provide and construct:

A. The Cable System will use a fiber to the neighborhood node architecture.

B. The Cable System will serve an average of 500 customers per fiber node.

C. All active electronics will be 750 MHz capable equipment, or equipment of higher bandwidth.

D. Two-way capability able to support two-way high-speed Internet access via the Cable System will be activated upon completion of the system upgrade.

E. All passives that cannot pass 750 MHz will be replaced.

2. System Functionality.

A. As upgraded and maintained, the Cable System shall have a reliability comparable to the reliability of those cable systems whose initial construction or rebuild was completed after 1998.

B. As designed, upgraded, and maintained, the facilities and equipment on the Cable System shall be able to deliver high quality signals that meet or exceed FCC technical quality standards regardless of the particular manner in which the signal is transmitted.

C. Upon completion of the construction, all facilities and equipment will be installed (except customer premises equipment and drops) so that the two-way active capability required by Subparagraph

14 (a)(1) is fully ready to operate upon Subscriber request.

D. The System shall include standby power capability which will provide standby power to the headend and hubs for up to two (2) hours in the event of a commercial power interruption.

E. Equipment shall be installed so that all closed captioning programming received by the Cable System shall include the closed caption signal so long as the closed caption signal is provided consistent with FCC standards. Equipment shall be installed so that all local signals received in stereo or with secondary audio tracks (broadcast and PEG) are retransmitted in those same formats.

F. Consistent with FCC requirements regarding emergency alert systems (“EAS”) and other applicable laws, Franchisee shall provide a system that can be activated from a touch tone phone by an official designated by the City, and which will provide at least all-channel audio override.

3. Procedures for System Design and Construction.

A. Construction of fiber to the nodes shall be completed no later than December 31, 2001.

B. By December 31, 2001, the upgrade to 750 MHz shall be completed in its entirety, including any change-out of equipment required in Subscriber homes.

C. Franchisee will take prompt corrective action if it finds that any facilities or equipment on the Cable System are not operating as expected, or if it finds that facilities and equipment do not comply with the requirements of this Franchise or applicable law.

D. Timing of Construction. Franchisee’s decisions on constructing plant for service from each hub or node shall be based solely upon legitimate engineering decisions and shall not take into consideration the income level of the franchise area.

b. Interconnection.

1. Upon completion of the upgrade, the Franchisee shall interconnect the Cable System with all other willing cable systems in the City and adjacent to the City for purposes of delivering PEG services to and from the interconnected systems. A “willing cable system” means the franchised system of any cable operator who is otherwise willing to interconnect with Franchisee’s cable system on fair and reasonable terms and who pays its own cost of installation and operation of facilities located within its own territory which are required for the interconnection.

2. Notwithstanding the foregoing, interconnection is only required if technically feasible. It is not Franchisee’s responsibility to ensure that the signals provided by another interconnecting system to the interconnect are of adequate quality. Franchisee may terminate an interconnection for any period where an interconnecting system is delivering signals in a manner which endangers the technical operation of Franchisee’s Cable System. Nothing in this Paragraph alters Franchisee’s channel obligations for public, educational and governmental programming delivered to Subscribers on the Cable System. Unless the City directs otherwise, or an affected jurisdiction objects, any interconnection shall allow the PEG channels to operate without disruption or delay across franchise boundaries.

3. In addition to the foregoing, all interconnections existing as of the date of the Franchise Agreement will be maintained so long as the systems interconnected are owned by Franchisee. In the event one or more of said systems are no longer owned by Franchisee, Franchisee will not be required to maintain the interconnection to that system.

5.14.150 Construction, Operation, and Repair.

The construction, operation and repair of the Cable System shall be performed in compliance with this Franchise Agreement and all applicable laws, rules and permit requirements regarding use of the rights-of-way and public and private property, as adopted and amended from time to time, including, but not limited to, the Cable Ordinance, which establishes minimum requirements for right-of-way occupancy. Franchisee’s obligations and City’s rights under this Franchise Agreement include, but are not limited to the following, all of which shall be performed at Franchisee’s expense and at no expense to the City, except where expressly provided otherwise:

a. Use of Public and Private Property; Generally.

1. The Cable System shall be constructed, operated and repaired so as to cause minimum interference with the rights and reasonable convenience of property owners (including the City) and users of the right-of-way and other public property. Applications for work permits shall be presented to the

City Director of Public Works, who may require copies of plans, blueprints, cross-sections, or further detailing of work to be done. Any work done, whether by Franchisee, its contractors, or third parties, will include necessary paving, patching, grading, and any other necessary repair or restoration to City rights-of-way. All work shall be done to the satisfaction of the City Director of Public Works.

2. All equipment, lines, and appurtenances which are used in the operation, maintenance, repair or construction of the Cable System, except as otherwise specifically noted in this Franchise Agreement, and which are located within City rights-of-way shall be considered to be part of the Cable System and shall be Franchisee's responsibility. All permits for the operation, maintenance, repair or construction of said system shall be applied for and given in the name of Franchisee, who shall be responsible for all work done under the permit regardless of whether the work is done by Franchisee, its employees or contractors, or by third parties. To the extent that permit conditions are more stringent than the provisions of this Franchise, the permit conditions shall govern.

3. Franchisee shall obtain all required permits or easements before commencing any construction, reconstruction, repair, maintenance, or other work or property use. Permits for emergency work shall be obtained as soon as possible, but in no event later than one working day after the work is begun.

4. All work authorized and required hereunder shall be done in a safe, thorough and workmanlike manner. Work in the rights-of-way or on public property may be subject to the supervision, inspection, approval and direction of the Director of Public Works. Franchisee shall comply with all safety requirements, rules, and practices and employ all necessary devices as required by applicable law and permits during construction, operation and repair of its Cable System. By way of illustration and not limitation, Franchisee shall comply with the then current edition of City Road Standards of the Altoona Ordinances entitled "Street Excavation & Openings," National Electric Code published by the National Fire Protection Association (currently ANSI/NFPA 70-1990, and as may be replaced by subsequently adopted additions); National Electric Safety Code published by the Institute of Electrical and Electronics Engineers, Inc. (currently ANSI C2-1990 and as may be replaced by subsequently adopted additions); and Occupational Safety and Health Administration (OSHA) Safety and Health Standards, Wisconsin Statutes and Wisconsin Administrative Code. In addition, all work shall be performed in accordance with the National Cable Television Association Standards of Good Engineering Practices and Franchisee's Construction Procedures Manual, except as to the extent the standards, practices and procedures described therein are inconsistent with applicable law. All traffic control shall be performed in compliance with the current edition of the Manual on Uniform Traffic Control Devices, Part VI.

5. At no point shall underground cables be placed less than twenty-four (24) inches below the surface. Any cables buried less than twenty-four (24) inches that are damaged shall be replaced by Franchisee at its sole expense; provided, however, this section shall not apply to the burial of Drops which shall be placed at a minimum of twelve (12) inches below the surface.

6. Franchisee shall pay nondiscriminatory fees associated with the permitting process, which fees shall be charged and billed in accordance with the City's permitting procedures.

7. The City and Franchisee shall comply with the provisions of s.182.0175, Wisconsin Statutes, or successor statute, relating to the protection of the transmission facilities of each party.

b. Use of Poles and Conduits.

1. Except as the City may direct otherwise in accordance with the Cable Ordinance or other applicable provisions of the Altoona Code of Ordinances, where electrical and telephone utility wiring is installed underground at the time and initial Cable System construction, or when such wiring is subsequently placed underground, all Cable System lines or wiring and equipment shall also be placed underground at the sole expense of Franchisee. Related Cable System equipment such as pedestals shall be placed in accordance with code requirements and underground utility rules as interpreted by the Director of Public Works. In areas where either electric and telephone utility wiring are aerial, Franchisee may install aerial cable, except (i) when a property owner or resident requests underground installation and agrees to bear the additional cost in excess of aerial installation; and (ii) at such time as existing aerial electric and telephone facilities are placed underground, Franchisee shall likewise place its facilities underground at its sole expense.

2. The Franchise does not grant, give or convey to Franchisee the right or privilege to install its facilities in any manner on specific utility poles or equipment of the city or any other person without their permission. Copies of all agreements for use of poles, conduits or other utility facilities shall be provided to the Director of Public Works upon request, except such agreements that are confidential according to the terms contained therein.

c. Repair and Restoration of Property.

1. Franchisee shall protect public and private property from damage. If damage occurs arising from the actions or omissions of Franchisee, Franchisee shall promptly notify the property owner.

2. If public or private property is disturbed or damaged through the actions or omissions of Franchisee, Franchisee shall restore the property to its former or better condition including necessary paving, patching, grading and other necessary repair or restoration. Public right-of-way or other City property shall be restored to its former or better condition, in a manner and within a reasonable time approved by the Director of Public Works. If suit is brought upon Franchisee's failure to pay for any such repair and restoration, and if judgement in such a suit is entered in favor of City, then Franchisee shall pay all of City's actual costs resulting from the non-payment, including interest from the date the bill was presented. Private property shall be restored promptly, considering the nature of the work that must be performed. It is a violation of this Franchise for Franchisee to leave cable unburied on the ground for more than the shortest, temporary period required to bury it. Except with the express permission of the Director of Public Works, such temporary period may not exceed 14 business days during the period of May 15 through October of each year. Cable left unburied on the ground during the inclement period from November through May 14 of each year shall be buried no later than thirty (30) days after May 15 each year.

3. Except in cases of emergency or responses to unplanned system failures where it is impractical to do so, prior to entering onto private property to construct, operate or repair its Cable System (unless the repair or construction can be performed from the right-of-way, without disrupting the private property), Franchisee shall give the person residing on or using the property adequate advance notice that it intends to work on the property, a description of the work it intends to perform, and a name and telephone number of a Franchisee representative that the person can call to protest or seek modification of the work. Such work shall be done in a manner that causes the least interference with the rights and reasonable convenience of property owners, residents, and users, and that shall comply in all respects with applicable law requirements. In cases subject to the exception for prior notice, notice shall be given to the property owner as soon as practical.

d. Alteration of Cable System for and by City. City may remove, modify or disconnect Franchisee's facilities and equipment located in the public right-of-way or on any other City property that may reasonably be required or as may be further provided in the Cable Ordinance. City shall attempt to provide reasonable notice to Franchisee prior to taking such action and shall, when feasible, provide Franchisee with the opportunity to perform such action. Following notice by City, Franchisee shall at its sole expense remove, replace, modify or disconnect any of its facilities or equipment within any public right-of-way, or on any other City property by a reasonable deadline specified by the City. If Franchisee fails to complete this work within the time prescribed and to City's satisfaction, City may cause such work to be done and bill the cost of the work to Franchisee. Within 30 days of receipt of an itemized list of those costs, Franchisee shall pay City such costs. Notwithstanding any other provision of this Franchise Agreement, City, its officials, officers, employees and agents shall not be liable to Franchisee for any damage caused as a result of action taken under this Subsection, except when such damage results from any gross negligence by the City.

e. Alteration of Cable System for Other Franchise Holders. Franchisee shall not unreasonably delay any removal, replacement, modification or disconnection which is required to accommodate the construction, operation, or repair of the facilities or equipment of another City franchise holder.

f. Alteration of Cable System for Other Permittees. At the request of any person holding a valid oversize load, house moving, or similar permit, and upon five (5) business days' advance notice, Franchisee shall temporarily raise, lower or remove its wires as necessary to permit the moving of a building, vehicle, equipment or other item. The expense of such temporary changes, including standby

time, shall be paid by the permit holder, and Franchisee may require a reasonable deposit of the estimated payment in advance.

g. Tree Trimming. Franchisee shall have the authority to trim trees that overhang a public right-of-way of City in accordance with the Cable Ordinance and other applicable provisions of the Altoona City Code of Ordinances.

h. Decisions of Director of Public Works. Whenever a decision, requirement or approval is by this Franchise Agreement to be a determination of the Director of Public Works, that determination shall be conclusive upon the parties hereto, with respect to the City's review of the matter. However, this Subsection shall not be read to be a waiver by the Franchisee of any of its rights under applicable law or in equity.

i. Rights-of-Way Vacations. If at any time City vacates and discontinues any City streets or other rights-of-way covered by this Franchise, City shall not be liable for any damages or loss to Franchisee by reason of such vacation and discontinuance. The City shall give thirty (30) days notice to the Franchisee of any planned vacation of City rights-of-way.

5.14.160 Operation and Reporting Provisions.

a. Books and Records.

1. The City may inspect and copy Books and Records of the Franchise or any other cable operator of the Cable System and any person performing work on behalf of the Franchisee that are reasonably necessary to the enforcement of any provision of the Cable Ordinance, the Franchise Agreement, the conduct of performance evaluation sessions or the exercise of any authority that the City may have under the same or any other provision of applicable law. Without limiting the foregoing, Franchisee shall provide the City with access to complaint data to enable the City to fully investigate Subscriber complaints consistent with Subscriber privacy laws. All such books and records shall be produced to the City for inspection at Franchisee's local office or at such other mutually agreed upon location within the City. Information requested shall be made available for inspection within 14 business days of a request therefore, which period shall be subject to extension for good cause shown where no harm will result to the public interest from the delay.

2. Franchisee shall maintain throughout the Franchise term, at its local office, all records and information necessary to document its compliance with this Franchise Agreement and the Cable Ordinance. All such documents shall be produced in accordance with Paragraph 6(a)(1).

3. To the extent the Books and Records that are subject to production under Paragraph 6(a)(1) are held by third parties, affiliates or contractors or subcontractors of Franchisee, Franchisee shall be responsible for collecting those books and records and producing them as provided in Paragraphs 6(a)(1) and (2).

b. Reports. Franchisee shall provide the reports specified in this Subsection and such other reports as may be required in accordance with the Cable Ordinance and this Franchise Agreement. The form of the reports shall be governed as provided by the Cable Ordinance and this Franchise Agreement.

1. Upon request, Franchisee shall provide, on or before March 31 of each year, the reports required by the Cable Ordinance. Pursuant to the Cable Ordinance, Franchisee has represented that it is in the process of digitizing its maps and, based on that representation, for the first annual report due under this Subsection, Franchisee is only obligated to submit such electronic maps as are in existence and shall thereafter comply with this provision in full.

2. Upon request, Franchisee shall provide, within forty-five (45) days of the end of each calendar quarter, the quarterly reports required by the Cable Ordinance.

3. Franchisee shall provide the City Administrator the following on an ongoing basis:

A. A statement of the resolution of complaints referred to it by the City Administrator or other City officers or employees. Notwithstanding any provision of the Cable Ordinance, such notice may be given by telephone unless the City Administrator requests written notice. A requested written notice shall be given as soon as practicable.

B. Franchisee shall provide the City with a telephone number that the City may call to obtain information about any unplanned or unanticipated outage. This telephone number shall not be the same

number used by general Subscribers.

If reasonably practicable, Franchisee shall provide information to Subscribers which will allow them to adjust such devices so that they may be used with the Cable System.

b. Franchisee shall not, as a condition of providing service require a Subscriber or potential Subscriber to remove any existing antenna, or to disconnect an antenna except at the express direction of the Subscriber or potential Subscriber, or prohibit a Subscriber from installing an antenna switch, provided that such equipment and installations are consistent with applicable law.

Such acceptance by the Franchisee shall be deemed the grant of this Franchise for all purposes. In the event acceptance does not take place, this Franchise and any and all rights granted hereunder to Franchises shall be null and void.

b. Upon acceptance of this Franchise, Franchisees and City shall be bound by all the terms and conditions contained herein.

5.16.125 Mandatory separation of yard waste.

A. For purposes of this section, the following definitions shall apply:

1. “Hauler” means any person authorized to collect refuse within the town for deposit at the Eau Claire County landfill.

2. “Yard waste” means grass clippings, lawn rakings and leaves.

B. Purpose. The city council recognizes that yard waste comprises a significant amount of the total volume of refuse deposited at the Eau Claire County landfill. Yard waste needlessly takes up a large volume of space at the landfill which could be utilized for the disposal of other materials. The city council further acknowledges that there is a need to preserve landfill space. To this end, Eau Claire County has adopted regulations prohibiting the deposit of yard waste at the county landfill and requiring that users of the landfill shall adopt a program requiring the separation of yard waste from other refuse. The city council finds that the public health and welfare is served by minimizing, to the extent possible, the materials which are placed in the landfill. The intent of this section is to further the goal of having no yard waste deposited in the landfill, thus conserving this valuable asset.

C. Separation. All persons whose refuse is disposed of at a county owned or operated landfill shall separate yard waste from all other refuse.

D. No Collection or Deposit. Except when permitted by Eau Claire County ordinance, no person shall place for collection or deposit in any county owned or operated landfill any yard waste, and no hauler shall collect any yard waste for deposit at the Eau Claire County landfill.

E. Refusal of Service. Any yard waste placed for collection not in accordance with the provisions of this section may be refused by the hauler.

F. Penalty.

1. Notwithstanding Section 5.16.130, any person who violates a provision of this section after September 15, 1988 shall, upon conviction, forfeit:

a. Not less than ten dollars nor more than twenty-five dollars for the first conviction within one year;

b. Upon the second conviction within one year, not less than twenty-five dollars nor more than fifty dollars;

c. Upon the third conviction within one year, not less than fifty dollars nor more than one hundred dollars;

d. Upon the fourth and subsequent convictions within one year, not less than one hundred dollars nor more than five hundred dollars.

2. Any hauler who violates this section may be subject to suspension or revocation of his or her refuse collection license, in addition to the imposition of a penalty under this section.

The owners and operators of multiple-family dwellings and mobile home parks should, where necessary, facilitate the separation of yard waste by the residents in such dwellings and parks. (Ord. 6A-88, 1988)

5.16.126 Mandatory collection of recyclables.

Any person, firm, or corporation licensed to haul garbage in Altoona is required to provide curbside collection of recyclables from all of their customers residing in single-family residences and units in two to four unit dwellings. This service shall be provided twice-a-month at no charge to the resident except for the charge for refuse collection. The business or person (licensed, etc.) shall provide each of their customers residing in single-family residences and units in two to four unit dwellings with an eighteen-gallon container that complies with subsection 12.73.140A of the Eau Claire County Code for this service. Recyclable materials that shall be collected are those listed in subsection 12.73.100A, 1-10, of the Eau Claire County Code. (Ord. 3B-95, 1995)

5.16.127 Mandatory Monthly Reporting.

Any person, firm or corporation providing curbside recycling service as provided in Section 5.16.126 shall prepare a monthly report containing the following information, and upon request shall submit these reports to the city administrator. A copy of these reports shall be kept on file by the person, firm or corporation for a period of three years:

(Ord. 1A-05, 2005)

5.16.130 Violation—Penalty.

The penalty for violation of any provision of this chapter shall be as provided in Chapter 1.08. (Prior code § 11.06(7))

The purpose of this ordinance is to regulate mobile and temporary food vending activities in order to protect public health, safety, and welfare, while accommodating commercial uses that generally promote an active and social pedestrian environment within appropriate areas of the City of Altoona. This ordinance is also written with specific consideration given to the continued successful operation of existing brick and mortar restaurant establishments in recognition of the investments they make, and tax revenue they generate within Altoona. The overall goal of this ordinance is to provide a business climate in Altoona that offers fair opportunities for both mobile food vending operations and permanent restaurants in order to provide residents and visitors with a variety of food options and a vibrant food scene in our community.

The Common Council carries out these purposes under its legislative authority and police power under Sec. 62.11(5), Wis. Stats. to regulate and license to protect the public's health, safety, and welfare. This ordinance is consistent with the holdings *La Crosse Rendering Works, Inc. v. City of La Crosse*, 231 Wis. 438 (1939) among others, given that vested or seemingly vested interests must yield to the good of the community, and the Common Council's power to establish standards against which human activity may be judged and to protect the health, safety, and welfare of the public. NUDE DANCING IN LICENSED ESTABLISHMENTS PROHIBITED

Sections:

5.27.010	Findings and purpose.
5.27.020	Nude dancing in licensed establishments prohibited.
5.27.030	Exemptions.
5.27.040	Definitions.
5.27.050	Penalties.

5.27.010 Findings and purpose.

A. The common council of the City of Altoona has explicit authority under Wis. Stat. § 125.10(1), to adopt regulations governing the sale of alcohol beverages which are in addition to those set forth in Chapter 125, Stats.

B. The common council has authority under its general police powers set forth in Section 62.11(5), Stats. to act for the good order of the municipality and for the health, safety and welfare of the public; and may carry out its powers by regulation and suppression.

C. The common council recognizes it lacks authority to regulate obscenity in light of Wis. Stat. § 66.0107(3), and does not intend by adopting the ordinance codified in this chapter to regulate obscenity, since nudity in and of itself is not obscene, it declares its intent to enact an ordinance addressing the secondary effects of live, totally nude, nonobscene erotic dancing in bars and taverns. (Ord. 2B-15, 2015)

D. Bars and taverns featuring live totally nude, nonobscene, erotic dancing have in other communities tended to further the increase of criminal and other offensive activity, to disrupt the peace and order of the communities, to depreciate the value of real property, to harm the economic welfare of the communities and to negatively affect the quality of life of the communities, and such secondary effects are detrimental to the public health, safety and general welfare of citizens.

E. The common council recognizes the U.S. Supreme Court has held that nude dancing is expressive conduct within the outer perimeters of the First Amendment to the United States Constitution and therefore entitled to some limited protection under the First Amendment, and the governing body further recognizes that freedom of speech is among our most precious and highly protected rights, and wishes to act consistently with full protection of those rights.

F. However, the governing body is aware, based on the experiences of other communities, that bars and taverns in which live, totally nude, nonobscene, erotic dancing occurs may and do generate secondary effects which the governing body believes are detrimental to the public health, safety and welfare of the citizens of the city of Altoona.

G. Among these secondary effects are: (1) the potential increase in prostitution and other sex-related offenses, as well as other crimes and offenses, (2) the potential depreciation of property values in neighborhoods where bars and taverns featuring nude dancing exist, (3) health risks associated with the spread of sexually transmitted diseases, and (4) the potential for infiltration by organized crime for the purpose of unlawful conduct.

H. The governing body desires to minimize, prevent and control these adverse effects and thereby protect the health, safety and general welfare of the citizens of the city of Altoona; protect the citizens from increased crime; preserve the quality of life; preserve the property values and character of surrounding neighborhoods; and deter the spread of urban blight.

I. The governing body has determined that enactment of an ordinance prohibiting live, totally nude, nonobscene, erotic dancing in bars and taverns licensed to serve alcohol beverages promotes the goal of minimizing, preventing and controlling the negative secondary effects associated with such activity. (Ord. 11C-98, 1998)

5.27.020 Nude dancing in licensed establishments prohibited.

It is unlawful for any person to perform or engage in, or for any licensee or manager or agent of the licensee to permit any person, employee, entertainer or patron to perform or engage in any live act, demonstration, dance or exhibition on the premises of a licensed establishment which:

1. Shows his or her genitals, pubic area, vulva, anus, anal clef or cleavage with less than a fully opaque covering; or
 2. Shows any portion of the female breast below a point immediately above the top of the areola;
- or
3. Deliberately displays the covered male genitals in a discernibly turgid state. (Ord. 11C-98, 1998)

5.27.030 Exemptions.

The provisions of this ordinance do not apply to the following licensed establishments: theaters, performing arts centers, civic centers, and dinner theaters where live dance, ballet, music and dramatic performances of serious artistic merit are offered on a regular basis and in which the predominant business or attraction is not the offering to customers of entertainment which is intended to provide sexual stimulation or sexual gratification to such customers and where the establishment is not distinguished by an emphasis on, or the advertising or promotion of, employees engaging in nude erotic dancing. (Ord. 11C-98, 1998)

5.27.040 Definitions.

For purposes of this chapter, the term “licensed establishment” means any establishment licensed by the common council of the city of Altoona to sell alcohol beverages pursuant to Chapter 125, Stats. The term “licensee” means the holder of a retail “Class A,” “Class B,” Class “B,” Class “A,” or “Class C” license granted by the common council of the city of Altoona pursuant to Wis. Stat. Ch. 125. (Ord. 11C-98, 1998)

5.27.050 Penalties.

Any person, partnership, or corporation who violates any of the provisions of this chapter shall upon conviction incur a penalty as provided in Chapter 1.08. A separate offense and violation shall be deemed committed on each day on which a violation occurs or continues. In addition, violation of this ordinance constitutes sufficient grounds for suspending, revoking or nonrenewing an alcohol beverage license under Section 125.12, Stats. (Ord. 1C-20, (part), 2020, Ord. 11C-98, 1998)
